Acheson Flays Sentencing of Cardinal

Hints Action By U. N.

Cites Violation Of Human Rights

BULLETIN

WASHINGTON — (AP) — The House Foreign Affairs committee called today for United Nations intervention in the case of Cardinal Mindszenty.

★

WASHINGTON —(AP)— Secretary of State Acheson declared today that the American people are "sickened and horrified" by the Mindszenty case in Hungary.

Acheson disclosed that the western powers may place charges against Hungary before the United Nations on the ground that Hungary has consistently violated its peace treaty requirements for human rights.

At a news conference the secretary of state linked the trial and conviction of the Roman Catholic prelate, Josef Cardinal Mindszenty, with the earlier "persecution" of Lutheran Bishop Lajos Ordass and declared:

"The Soviet-controlled Hungarian authorities seek to discredit and coerce religious leadership in Hungary in order to remove this source of moral resistence to communism."

Acheson called the arrest, trial and life sentence of the cardinal a "conscienceless attack upon religious and personal freedom."

Meanwhile a "closed" sign hung on the door of the Hungarian consulate in New York — a silent symbol of the wave of angry reaction stirred by the conviction of Cardinal Mindszenty.

WORSE THAN DEATH

Francis Cardinal Spellman, archbishop of New York, today termed the sentence "more merciless" than death, and called on Americans to vitalize their protests by removing "every communist cell from within our own government."

In congress, demands were raised that the U. S. sever diplomatic relations with Hungary, and that the United Nations be asked to intervene in the Mindszenty case.

In Canberra, Australia, President of the United Nations General Assembly Herbert V. Evatt said the matter may come before the April U. N. meeting in New York.

Despite prosecution appeals for a death penalty, the comment of a foreign office spokesman made it seem unlikely today that the life sentence of Cardinal Mindszenty will be increased to death by the appeals court.

Cupid Stalls On Boosted Postal Rates

The new postal rates are becoming thorns in the path of Cupid.

A lot of tender valentine notes won't get to the intended objects of the senders' affections unless the messages carry two or three - cent stamps, Acting Postmaster Curtis L. Ford said today.

Ford said quantities of one and a half cent stamps are being purchased, indicating many of them will be used to mail valentines. Some valentines already have been mailed with the one and a half cent stamps.

Under the new postal rates, unsealed envelopes must bear two-cent stamps. Formerly they could be mailed for a cent and a half.

Danes Seek Information On Alliance

Follow Earlier Action By Norway

COPENHAGEN — (INS) — Danish Foreign Minister Gustav Rasmussen disclosed today that Denmark, like Norway, is seeking information on the proposed North Atlantic Military alliance.

He said the government is now considering whether Denmark wants an invitation to join negotiations for the Atlantic pact, which will link the U. S. and Canada to Britain, France, the Netherlands, Belgium and Luxembourg.

Rasmussen, during full-dress parlimentary debate on foreign affairs, declared:

"It is the government's belief that an alliance in a free and mutually binding defense union is not only the best solution to Scandinavian countries' security problems, but also a natural link for constructive peace policy."

His announcement underscored the divergence of opinion on defense alignments in Scandinavia. Whereas Norway's foreign minister is now in Washington sounding out officials on the North Atlantic pact, Sweden has repeatedly reaffirmed its strict neutrality.

Meanwhile — Norwegian Foreign Minister Halvard Lange has been assured of rapid substantial aid from the United States if Norway were attacked after joining the North Atlantic Defense pact.

This was reported today following lengthy conferences between Lange, Oscar Torp, leader of Norway's majority Labor party, Ambassador Wilhelm Munthe De. Morgenthierne and top European experts of the State department.

"SWING YOUR PARTNERS"—A community square dance at Hedges school last night was attended by 250 parents and friends. This is the first year such dances have been sponsored in Mansfield by the P-TAs and the City Recreation department in cooperation with Local No. 159, American Federation of Musicians. Both at Rebecca Grubaugh, which had the first such event, and at Hedges last night, record crowds have turned out. At Hedges last night, S. J. Shadle and Arthur Touby did the "calling."

Troops Stop China Riot

3,000 Refugees In Wild Outbreak

NANKING —(INS)— Communist-threatened Shanghai bristled today with Nationalist army guard-posts set up to restrain hungry and sullen civil war refugees who staged a destructive riot in China's largest city.

The wild outbreak, in which two small children were killed and other persons were injured, occurred late yesterday and was put down only after government troops of the Shanghai garrison were rushed into action.

A dispatch from Shanghai said the riotous mob consisted of 3,000 Chinese war refugees from Manchuria.

Demanding relief payments, the rioters marched on the Whangpo police station in the downtown section of Shanghai's former French concession.

Garrison troops hurried to the scene at the urgent call of local police who were unable to check the riot.

8,100 Lose Jobs On NYC

NEW YORK — (UP) — The largest single layoff of men since the 1929 depression was announced today by the New York Central Railroad. Some 8,100 repair and maintenance workers were given notice of their temporary layoff by the end of the week.

The company said the reason for the mass discharges was a 10 per cent decline in passenger and freight traffic since last year.

The number included 500 employes furloughed at the West Albany, N. Y., shops of the railroad last week.

The road announced the closing of six locomotive and four car repair shops because it had more steam locomotives and cars fully overhauled now than it could use.

Poles Jump Ship To Escape Reds

NEW YORK — (UP) — Nineteen seamen deserted the Polish motor ship Batory the last time it was in port rather than go back to their communist-dominated homeland, it was disclosed today.

The mass desertion followed a series of ship-jumpings by smaller groups in recent months from both the Batory and its sister ship, the Sobieski, officials of the Gdynia-American line admitted.

Asks Bomb Data

LAKE SUCCESS —(AP)— Russia demanded yesterday the United States tell the United Nations by March 31 how many atomic bombs the United States has.

Patrol Boys Honored

City P-TA's Mark Founder's Day

Six Mansfield Parent-Teacher associations last night presented varied programs, several of them in observance of Founder's day, which this year celebrates the 52nd anniversary of the national P-TA association.

The programs included dinners, talks, community dances and panel discussions.

A dinner for the School Boy Patrol of Bowman school was held at Johns park and marked an annual event for the school, P-TA and Mothers club.

About 125 dined with 24 boys of the school as honored guests. They included: Ronald Bacquet, captain, Robert Stoner, John Brown, Bliss Baker, Floyd Simmers, Larry Zents, Gerald Garn, Leon Heinberger, Ernest Craze, Howard Kareff, Frank Shambre, Larry Sqrow, William Boyle, George Erhardt, Charles Tolley, Jack Cutnaw, Gene Ingold, James Morr, Richard Kiamey, Charles Culp, Kenneth Kelley, Jack Buckley, Daniel Fetter and James Meyer.

Each of the 24 was presented with a flashlight as a joint gift from the school, P-TA and the Mothers' club.

Maurice W. Taylor, executive director of the YMCA, spoke to the boys, telling them of the opportunity they had to become leaders through their work as boy patrols.

The need for a Social Welfare Council to administer activities of Mansfield's youth agencies was outlined to members of Rebecca Grubaugh Parent-Teacher association when a panel-discussion program was presented.

Speakers were Miss Agnes Kessler, executive secretary of the YWCA; Miss Margaret Rooney, executive secretary of the Girl Scouts; Floyd Dent, Boy Scout executive of the Johnny Appleseed area; Russell Gimbel, director of the Friendly House; Maurice W. Taylor, executive secretary of the YMCA, and Stanley Kamen, city recreation director.

The discussion program was headed by Norman L. Wolfe, and each of the youth workers outlined the functions and activities of their respective agencies.

TELLS OF WORK

Miss Kessler told of the varied programs offered by the YWCA to young girls and women of Mansfield despite the association's inadequate facilities, and Miss Rooney stressed the many character-building activities in which Mansfield Brownies and Girl Scouts participate.

Floyd Dent, in discussing Boy Scout activities, emphasized the important part parents play in the local program, and praised the work of more than 600 Mansfield fathers and mothers who serve as volunteer workers with the cub and scout groups.

Gimbel outlined the program at the settlement house, and told the group, "Any youngster who says he or she has nothing to do is wrong; Mansfield offers its youth more opportunities for recreation than any city of its size in the country."

Taylor, in discussing the YMCA program, praised the directors of the other agencies for their "excellent spirit of cooperation" in sharing their facilities with each other, but cited the need for a Social Welfare council to prevent the overlapping of activities.

Kamen's talk was centered on the varied programs which have been inaugurated since the Recreation Board was set up in Mansfield, and made an appeal to the parents to offer suggestions for any new projects which might be developed in the city.

The discussion program was preceded by a business meeting conducted by the PTA president, Wilbur Upson.

HOLDS DANCE

A community dance, attended by 250, marked the February meeting for the Hedges P-TA.

Both round and square dancing were on the program with Tex Forman's orchestra providing the music. Callers for the square dances were S. J. Shadel and Arthur Touby.

One-Way Traffic Shelved

Action Waits Street Change

The much discussed one-way traffic system in Mansfield will be shelved for the time being, it was learned today.

City council will hear the first reading of the 95 page recodified traffic ordinance tonight at 7:30.

As the bill is written now, seven streets are named to be included in the one way traffic system. However, it was learned today that council probably will eliminate that part of the bill.

Inasmuch as East Fifth street is a vital link in the system, and it will be a year before it will be extended to Ashland road and resurfaced where necessary, the councilmen, it is believed, will sidetrack the question until the street is in shape.

There has also been sharp opposition to the one-way proposal from downtown merchants.

The city filed condemnation proceeding against the Mansfield Telephone company yesterday to get enough land to extend East Fifth street from Snyder street to the Ashland road.

WOULD TEST RULES

Other major items in the new traffic law are:

1. A section giving the traffic commissioner the power to make certain rules different from these in the law itself. They shall remain in effect for no more than a year.

At that time they will be voided unless council legislates them in to law.

2. A section ordering that all taxi drivers be fingerprinted before they are granted a license to operate a cab on city streets.

3. The recodification incorporates all state traffic laws into the city law. Therefore, fines collected for traffic violations that formerly were turned over to the county will now be given to the city treasury.

'Flying Wing' To Try Long Speed Dash

WASHINGTON — (UP) — The Air Force hopes to give the nation another spectacular display of bomber speed by flying a 100-ton flying wing nonstop from Muroc, Cal., to Andrews Air Force base Md., it was disclosed today.

Air Force officers said it was not certain yet that the eight-jet B-49 Northrop bomber would be able to make the speed dash, but officers at Muroc Air Force base have been instructed to do so if possible.

This flight would follow yesterday's spectacular 3 hour 46 minute cross-country hop of a smaller six-jet B-47 bomber, averaging 607.2 miles per hour over a 2,289-mile course from Moses Lake, Wash., to Andrews field, the stratojet easily set a new unofficial transcontinental speed record.

CANTON — (AP) — A. F. Strouse was indicted yesterday by the Stark county grand jury on three counts of violating the Broker's Fraud act and the Ohio Securities act.

Ravaged West Hit Again

(By Associated Press)

Huge drifts of freshly-driven snow reblocked highways and rail lines over thousands of miles in storm-stricken western states today. More than 5,000 travelers on some 40 trains were stranded as crews worked against adverse weather conditions to move the stalled trains.

The new snow and wind storms this week in the Wyoming-Utah-Idaho area cost the lives of at least five persons. Ten families were rescued from threatened suffocation in their snow-covered houses at Rawlins, Wyo.

Westerly winds reaching a velocity of nearly 40 miles an hour whipped over sections of the blizzard belt today. Stockmen expressed fear of further losses to livestock from the latest in the series of storms which have lashed the western plains and Rocky Mountain region for nearly six weeks.

STORM STALLS TRAINS

Thirty-six passenger and one army train were stalled between Omaha and Denver. Last night some of the mail trains in the Wyoming snowbound area were rerouted.

The strong winds blew across the snow-carpeted areas of Wyoming, Idaho and parts of Utah and moved eastward into Nebraska, Montana and the Dakotas today. The U. S. Weather bureau said winds may diminish during the day in the Rocky Mountain region but "only temporarily."

Most of the blizzard-swept area, however, got one break in the weather—temperatures were not severe. But a below zero belt covered most sections of the north central states.

In Wyoming drifting snow reblocked more than 2,300 miles of roads which had been opened by army crews. Airplanes flew supplies of milk and bakery goods to Rawlins and Rock Springs, Wyo., to meet emergency needs of stranded rail passengers.

Candidacy Given OK

The Democratic candidate for the nomination for Second ward councilman is qualified to run for that office, Prosecutor Harold Lutz said today in an opinion prepared for the county board of elections.

The board yesterday asked Lutz for an opinion as to the eligibility of Harry E. Colbow, of 526 Clifton boulevard, who was mayor of South Boulevards until the village was annexed to the city in September.

The board asked the question since the law states a candidate must have lived in his ward for a year prior to the election.

Lutz said Colbow has lived at his present residence for more than a year and therefore is a qualified elector in that area. He pointed out that all persons formerly living in South Boulevards are qualified electors and eligible to vote in the election or run for office.

Lutz said Colbow will have lived in the ward a year by the time of the general election, Nov. 8.

Axis Sally Trial Again Underway

WASHINGTON — (UP) — A former nazi radio official resumed his testimony today in the briefly interrupted treason trial of Mildred (Axis Sally) Gillars.

The trial was interrupted yesterday when Miss Gillars complained of feeling ill after eating lunch.

The silvery-haired Miss Gillars showed no apparent affects from her illness when she appeared in court today to hear Hans Von Richter continue his line-by-line identification of her voice in a series of broadcasts.

Charged In Luckie Slaying

Lockridge Cited In Shooting

William Lockridge, 32, of 834 North Main street, was charged today with first-degree murder in the slaying of Clayton Luckie, 37, last Saturday night on North Main street.

Police said Lockridge and Luckie met the first time Saturday night. The shooting followed a quarrel, officers said.

Lockridge will be arraigned tomorrow morning in municipal court.

Lockridge was arrested less than 12 hours after the shooting which occurred in front of 224½ North Main street at about 10:30 p. m. Saturday.

Police said Lockridge and Luckie, who was an outstanding colored athlete at Senior high school in the early 1930's, became acquainted at the Paradise club, 224½ North Main street, Saturday night.

While they were in the club, police said, "someone accidentally bumped into someone else and an argument followed."

QUARREL STARTS

Luckie and Lockridge allegedly started arguing, police said, and continued their argument as they walked down the stairs.

As Luckie was standing in the middle of the sidewalk and Lockridge in the doorway of 224½ North Main street, Lockridge allegedly fired a pistol, hitting Luckie in the mouth and three times in the thighs. At least two other shots went wild, lodging in the lower half of a car parked at the curb.

Police declined to disclose what type of a pistol was used or whether there were any witnesses to the shooting.

The four other persons arrested in connection with the shooting have been released, police said.

The officers said the murder weapon had been recovered and would be produced in court tomorrow morning if the judge asks for it.

Police also declined to disclose whether they had a statement of any kind from Lockridge and whether he had confessed or offered an alibi.

1,600 Marines Leaving China

TSINGTAO, China, — (AP) — Two troops transports with 1,600 U. S. Marines aboard left this North China port Tuesday, with at least some of them bound for San Diego.

The transports Enrico and Renfield sailed as a marine band blared "California, here I Come" and cheers rang out from the crowded decks.

Departure of these marines reduces the number of leathernecks remaining in Tsingtao to one battalion.

Red Conspiracy In the U.S.A.

Cites Sister's Hatred For Eisler Brothers

(EDITOR'S NOTE: This is the eleventh article by Mr. Stripling, who shows for the first time, the inner workings of the House Committee on which he served.)

★ ★ ★

By ROBERT E. STRIPLING
(Edited by Bob Considine)

The witness chair of the House un-American activities committee has held an incredible variety of men and women, ranging from the yammering Bund members of a decade ago to those sharply-honed intellectual rivals, Whittaker Chambers and Alger Hiss.

But few witnesses have left a deeper imprint on the committee, or been more difficult to ferret out, than the remarkable Eislers. They were, and are:

Gerhart Eisler, the inconspicuous little Comintern representative whose position in the communist conspiracy in this country was great enough to give him power over life and death. He was the autocratic secret boss of such window-dressing Reds as Earl Browder, and he came and went as he pleased He still does that, though his wings have been clipped.

Hanns Eisler, his brother, a Moscow-praised composer of so-called revolutionary music, who worked for RKO, lived in a fashionable California beach house, and had such champions as Mrs. Roosevelt, Raymond Gram Swing, Clifford Odets, Dorothy Thompson and Asst. Secretary of State George Messersmith fending for him in his passport troubles.

Elfriede Eisler, their sister, called Gerhart a terroristic GPU agent who effected a "ruthless" purge of dissident Chinese Reds while bolstering communism in China, and who turned over to Russian executioners two of his best friends. She felt the same hatred, she testified, for her brother Hanns

Gerhart Eisler was trained in Moscow for his startling American task of operating in this country an absolute super-government of sedition. He came here first in the late 1920's with his first of three wives, and among other things, engaged in counterfeiting activities with Houston, Tex., as his base.

He returned to Russia in the early 30's and in the course of further schooling casually met

Market Decline Analyzed

Re-Buying Likely to Halt Sharp Drop

The present stock market decline is the "third and perhaps concluding phase" of a "bear" or falling market, according to Paul F. Cropper, vice-president of Livingston Williams and Company and well-known Mansfield economist.

In reply to a News-Journal query, Cropper said the market may be expected to go lower but that as prices drop, selling will meet with resistance as a result of reinvestment.

He anticipates that a "bull" or rising market will develop later.

Here is Cropper's analysis of current conditions:

"Forecasting stock and commodity market trends is not only a difficult occupation; it is one full of hazards for the investment consultant. The current dip in stock prices began last June, and as is usual in 'bear' markets should undergo three phases of declines before finding a permanent bottom.

"Two of these three waves have been completed during the declines from June to October and from November to January. We are now in the third, and perhaps concluding phase.

"Market students are aware of 'resistance' levels in rising markets, and of 'support' levels in declining markets. The latter level has our immediate attention as primary interest now centers in how long the market will go before 'support' stems the tide.

Claims Public Housing Means All People Pay Rent For a Lucky Few

PUBLIC HOUSING, meaning subsidized housing in which all the people pay part of the rent of a lucky few, was one of the noisy subjects of both parties in the late campaign.

It was not an issue. The Republicans and their candidate would not brave the scorn of those who would have said that they were landlords at heart and that they delighted in the sight of gaunt and ailing veterans and their spouses and their children huddling in crates or culverts. It takes dispute to make an issue of a subject. There being no dispute, public housing remained only a topic of discussion.

The recent landlords' strike, a feeble gesture which seems to have been organized by a few owners of property under professional instigation, died of intimidation. The threat by one United States attorney to prosecute landlords who should join this strike under the laws forbidding sedition was a symptom of the corruption of the intelligence of men who take the tainted shilling of the creeping fascism of Washington.

The same district attorney and all others in the Department of Justice would suffer actual, indubitable sedition without raising a hand if it were committed by strikers of any of the labor unions.

In hundreds of cases they have permitted such strikers to violate federal laws.

It has always been argued that strikers who take to the picket lines with slingshots and ball-bearings, tire chains, balehooks, clubs studded with nails, and sticks mounting razor blades in grooves are, at worst, guilty of disorderly conduct, assault or involuntary manslaughter.

It has been held that they are not entirely responsible because they are made desperate by their need of the boons for which they are striking.

These have included orange soda on the hokey-pokey wagon in the factory in addition to the colas and strawberry: coconut candy-bars as well as nougat; overtime on overtime and higher wages.

It is not improper of such strikers to demand wages in excess of the highest scales ever paid in their particular occupations and such desires are never stigmatized as greed.

Yet such strikers, boasting that, by concerted action through unionism, they are getting as much as $5,000 a year, are the most eager applicants for public housing in which a portion of their rent must be paid by other citizens earning less.

★

LANDLORDS who organize become not a union but a lobby and sordid greed is their motive.

The Hon. Ralph W. Gwinn, of Yonkers, N. Y. by diligent study of public housing at home and abroad and of the predatory rackets of the construction unions, has become the first authority on the corruption already wrought and inevitably to be wrought by this evil.

In order to deal honestly with the subject a public man must understand in advance that he will be abused and slandered. But, having resigned himself to suffering in the interest of principle and the public good, he may have the satisfaction of winning all arguments, though losing all fights.

Although the "landlords lobby" was one of the monsters of the presidential campaign, I, who receive most of the propaganda going, including thousands of pages of union and government stuff, have never had a line of copy or a telephone call from any spokesman for the owners of rental property.

No intelligent man will invest five dollars today in any rental property because he knows that he simply becomes to a large extent the host, not the landlord, of his tenants, and may go to jail for refusing their imperious demands for further shares of his savings or income.

Walter Winchell

Communists Ready to Use Murder, Lies to Gain Their Own Desires

THE EXTENT of communist lunacy can be gauged by a typical slice of Stalin's incoherency. In 1924 he declared: "The dictatorship of the proletariat is the new democracy." . . . Imagine! He considers democracy a synonym for dictatorship. Is it any wonder that logic has no effect on communists? Should anyone be surprised when they break pacts and treaties? . . . Lies are their weapons.

That is why communists call others warmongers while committing acts of war. That is why they call others imperialistic while acting like imperialists.

They are ready and willing to use any means to serve their ends — from lies to murder.

There has never been a more shameful illustration of hypocrisy than the noisy babbling of native communists about their devotion to liberty. Of course they desire freedom until they are powerful enough to destroy it...Their embrace of liberty is a shotgun wedding.

It's another temporary advantage they use to reach their objective. If tyranny would serve that purpose, communists would be devotees of tyranny here.

★

What are we going to do about it? The Rankin-type of wild anti-communism inspires vodka toasts in the Kremlin. Spreading bigotry and impairing civil liberties only invite the disunity that communism feeds upon. A united democracy is the most potent antidote against the Red plague.

One thing is clear: Being anti-communist is not enough —you must be actively pro-democracy.

The complacancy of Americans is a pushover for rampaging communists. It cannot be over-emphasized that our foes are ruthless, ceaseless warriors. They are wily, tenacious and past masters of all forms of skulduggery. . .

Communist fanaticism must be matched by American vigilance. And that vigilance includes intelligence and courage. It means social and economic strength as well as military power.

★

Whether you like it or not—we are all soldiers in this war.

Just as Hitler made public his blueprint via "Mein Kampf," the communists have published their plans in hundreds of books and millions of articles. Almost every detail of their plans for global conquest can be discovered in any library.

It would be the most tragic event in history if we sacrificed our lives and the liberties of our children simply because we refused to open our eyes to the overwhelming and crushing evidence that convicts communism with its own words.

Ohio Brass Promotions Announced

Directors Vote 2 Staff Changes

Two changes in the official staff and two promotions at the Ohio Brass company were announced today following the annual directors' meeting yesterday afternoon.

W. A. Springer was elected vice-president and treasurer and Ephraim H. Brown was elected secretary.

Announcement was made of the appointment of Louis J. Ott as general sales manager and Robert A. LeFevre as advertising manager.

Other officers of the firm were re-elected. They are Charles K.

SPRINGER BROWN

King as chairman of the board; George L. Draffan, president; J. Martin Strickler, senior vice-president, and Louis W. Olson, vice-president.

Springer formerly was secretary-treasurer of the company having held that office since 1930. He first started working for the firm in 1912 and served in several capacities, including that of traffic manager and assistant treasurer.

Brown was assistant to the president before his election as secretary. He began his employment with company in 1924.

JOINS FIRM IN 1928

Ott joined the advertising department in 1928. He was advertising manager from 1935, and during the war handled the

LE FEVRE OTT

company's relations with the War Production board.

LeFevre began his work with the company in the advertising department in 1936.

The company reported net profits for 1948 were $3,226,584 an increase over the 1947 figure. It was reported that the backlog of unshipped orders was nearly back to normal.

Board Chairman King predicted shipments for the present year will largely depend upon new orders and said shipments of materials for electric utility construction projects are expected to continue at present high levels.

Additions to plant and quipment accounts aggregated $819,647 in 1948, while provision for depreciation totaled $349,026, the chairman reported. Dividends totaling $4 per share were declared and paid on the company's common stock last year.

Young Farm Couples' Session Set Tomorrow

The fifth in a series of young farm couples schools will be held tomorrow at 8 p.m. in common pleas courtroom.

Speaker will be Miss Alma Garvin, extension nutritrionist of Ohio State university. She will speak on the "Family Garden Plan and Family Budget."

ENTERTAIN PATROL—Bowman school, the P-TA and the Mothers club joined in entertaining 24 members of the School Boy Patrol last night at Johns park. This is an annual event and is held during February, the Founder's day month. At the dinner last night, patrol members were each presented with a flashlight by the three sponsoring groups. Maurice W. Taylor, YMCA director, was the speaker. Above, left to right on the far side of the table, are Patrolman Robert Garver, who substituted for Frend Boals, Mansfield's traffic commissioner, E. W. Kissel, principal of Bowman school, Taylor, and Mrs. Everett Baker, president of the P-TA, with a number of members of the patrol.

Hunt 'Nasal Twang' Thief

Youth Beaten, Robbed By Hiker

A bandit who talked with a "nasal twang", posing as a pedestrain in trouble, robbed a Park avenue west road youth of $3 last night after flagging down the youth with a flashlight and then beating him with his fists.

Mansfield police and sheriff's deputies were both notified of the strong-armed hitch-hiker. Officers said today an investigation of the case will be held.

Richard Neel, 19, of Park avenue west road, victim of the incident, said he was driving into the city on Park avenue west road and that he stopped at a roadside park, just west of the city limits when he noticed a man swinging a flashlight.

Neel said the man came to the car, pulled a red handkerchief half-way over his face and began beating Neel with his fists. Neel said the hitch-hiker got into the car, closed the door and told him to drive on. As Neel approached Trimble road, the hitch-hiker ordered him to turn south and somewhere between Park avenue west and Marion avenue, told him to stop the car and turn over his money.

Neel said he gave the bandit his wallet, containing $3. Snatching the wallet, the hitch-hiker jumped from the car, threw a rock through the windshield and disappeared.

Neel, who reported to officers shortly after 7 p.m., said the bandit was about 23 years old, 5 feet 10 inches in height, wore a black overcoat and cap and talked with a "hillbilly twang."

Crash Victim's Rites In East

The body of Mrs. Minnie Didusko, wife of Sgt. Andrew Didusko, Selfridge Field, Mich., was taken to Baltimore, Md., last night for services and burial.

Mrs. Didusko died at General hospital Monday morning as the result of an auto accident near Greenwich Saturday. Sgt. Didusko, who suffered minor injuries, was released from the hospital yesterday and accompanied the body of his wife to Baltimore.

Their two-year-old son, Andrew Didusko jr., is confined to the hospital with a fractured leg. Sgt. Didusko expects to return to Mansfield Saturday.

Youth, 17, Placed On Probation

A 17-year-old youth, accused of breaking and entering the cabin of A. W. Gibbs on Hanley road, near Little Washington, confessed to the charges yesterday in juvenile court and was placed on probation for one year.

The youth was apprehended by sheriff's deputies after a juvenile court hearing Monday involving three other youth charged with thefts, brought out that this youth had been implicated in the cabin burglary.

He was ordered to be in at reasonable hours, stay away from the other three youths and secure employment or return to school.

'Suds' Keeps 800 Play-Goers Amused

By MARGUERITE MILLER

Rambling roses sprang from bathtubs; a bull (stuffed) poked his nose through giant sunflowers, and scores of beer cans stood row on row last night on John Simpson's stage.

Mansfield Community Players patrons had never seen anything like it before on a Mansfield stage. Neither had the players of "Suds In Your Eyes" who provided a continuous flood of laughs from the time the curtain went up on the bizarre setting until it dropped on the players' suds-soaked comedy of the year.

Certainly, more than 800 persons, who overflowed into the second section of the balcony, got their money's worth.

The play, under the direction of Burns Kattenberg, will be repeated at 8:15 p. m. today. Mrs. Trudy Clark is assistant director.

Throughout the two-hour show, action was sparked by the very able Mrs. Jean Sauter, who as the high-spirited and beer-drinking Mrs. Feeley, carried the show on its high plane of entertainment.

Vying with Mrs. Sauter for acting was Miss Joan Kullman who became an instant 'hit' with the audience in her first major production with the Players. Miss Kullman's amusing and well-planned characterization of the prim Miss Tinkham provided a good contrast to Mrs. Sauter's hilarious role of the Irish junk yard owner.

Mrs. Sauter, one of the city's few women attorneys made her initial bow with the players last night.

WIN PRAISE

Plaudits are also due Lloyd Lewis, Senior high school youth who played "Chinatown;" Miss Janet Hahn who handled the difficult dialect role of "Mrs. Rasmussen" with poise; and to Richard Airhart, veteran Community Player, who proved his worth in comedy with the shy tax-collector role of "Mr. Fitzgerald."

Don Fatkin as the happy-go-lucky Danny Feeley, and pretty Miss Helen Crawford as the school teacher, Kate Logan, carried the romantic interest nicely.

Others in supporting roles in the 23-character comedy, who turned in able performances included: E. D. Gibson, Fred Talcott. Mrs. Valerie Kent, Howard Clark, Eleanor Hattman, Irving Bookatz, Mrs. June Ross, Clark Munger, Norman Fleming, Mrs. Dorothy French, Mrs. Clarice Clark, Bruce McGinty, David Hughes, Joseph Ellison and Miss Carole Bunsey.

HAPPY BIRTHDAY—

Mrs. Mary Forup, whose home is in Denmark, will celebrate her 70th birthday today. It marked the second anniversary she has observed here with her son, Lee, 223 Sturges avenue, and his family. Ten years ago Mrs. Forup came here to observe her 60th birthday, remaining here a year as a guest of her son. She returned last June and will remain until March. Tonight, friends will drop in to extend birthday greetings and next Sunday out-of-town relatives will come for an all-day celebration.

The News-Journal also extends birthday greetings to William H Gugler.

Association OK'S Budget

Richard H. Wolford was named president of the Richland County Tuberculosis association at the annual meeting Tuesday night in the Mansfield-Leland hotel.

Serving with Wolford will be Robert Green, first vice president; Dr. W. H. Wolford, second vice president; Wanda Stuckey, secretary, and Zora Weimer, treasurer.

Named to the association board for a one-year term were Cal Leonard, Mrs. E. E. Dowds and Mrs. Fred Rollins. Mrs. Zora Weimer was named representative director, with Mrs. H. C. Brokaw as alternate.

During the business session it was revealed that the sale of Christmas health seals in the county had brought in a total of $14,922, an increase of 7.5 per cent over the previous year. Mrs. Margaret Adams, executive secretary of the organization, reported 970 persons were x-rayed through thec linic, including 675 new cases and 295 re-checks during the past year. Of this number 45 positive cases of tuberculosis were revealed, Mrs. Adams said.

The 29 members at the meeting approved the 1949 budget and agreed to continue the Rehabilitation program for the next two years. In addition the salary of Dr. Oren A. Beatty, who conducts the Tuberculosis clinics, was raised from $50 to $65 per clinic.

Guest speaker at the meeting was Edward Farmer, of Columbus, director of public relations for the Ohio Tuberculosis and Health association, who spoke on the subject, "Co-Ordination of the Health Agencies."

Traffic Death Spurs Official Report Probe

ASHLAND — Dr. H. M. Gunn, Ashland county coroner has called a meeting of the sheriff's department, the county coroner and Bellevue and Mansfield state highway patrol representatives to discuss a cooperative plan for notifying county officials of fatal accidents within the county.

The meeting, not yet scheduled, grew out of the death of Mrs. Minnie Didusko, 27, wife of M-Sgt. Andrew Didusko, Selfridge Field, Mich., following a traffic accident on U. S. Route 224, Saturday.

Investigated by the Bellevue branch of the state highway patrol, the fatality was not reported to the Ashland county sheriff's department of Mansfield patrol office until Monday, according to Sheriff M. F. Rickenbrod.

The death marked the third fatality in Ashland county for this year.

Neighbor Finds Suicide Victim

MT. GILEAD—A neighbor calling at the home of Roy Mitchell in Williamsport Monday afternoon found him dead of self-inflicted gunshot wounds. Coroner Frank Sweeney reported death was caused by bullets fired through the head from a 22 caliber rifle.

Born Nov. 21, 1885 in Morrow county, he was the son of Benjamin and Augusta Potts Mitchell. He was a graduate pharmacist, but had been engaged in farming most of his life. He was a member of the Williamsport Grange.

Surviving are his father, a brother in the east and two step-sisters, Mrs. C. A. Lee and Mrs. C. B. Lewis, both of Mt. Gilead. Services will be conducted Thursday at 2 p. m. at the Craven funeral home by Rev. C. C. Nichols, with burial in the Bryn Zion cemetery.

Richland Dairymen to Meet In City Monday, Tuesday

Dairy meetings have been scheduled for Monday and Tuesday, beginning at 1:30 p.m. at John's Park pavilion, County Agent C. N. McGrew announced

The Monday meeting will feature the annual meeting of the Richland County Dairy Service unit and will be held in connection with a meeting of the Dairy Barn clinic.

Business will include nomination of a director to the Northern Ohio Breeders association, since the term of Oliver Gramly expires in March, and the election of four directors to the Lairy Service unit board to replace those who have completed their terms. The four are Stanley Huston, of Cass township. Max McFarland, of Washington, Oliver Rinehart, of Springfield, and A. L. Lockheart, of Troy township.

McGrew said any person doing artificial breeding or dairy testing is a member of the Richland County Dairy Service unit and is eligible to vote.

He said the new "central laboratory testing program" will be explained at the meeting.

Kenneth Battles, extension engineer of Ohio State university, will speak on dairy farm operations and present information of dairy barn construction and reconstruction. The dairy barn clinic will be held in two parts —the first on Monday afternoon and the second on Tuesday afternoon.

Battles will discuss with farmers their problems after each of the sessions, McGrew said.

Smooth Lexington Cagers Blast Madison

(News-Journal Sports Editor)

MANSFIELD is ably represented in the latest motion picture put out by the Cleveland Browns, champions of the All-America football conference. . . . There are some shots of Westbrook Country club showing Ollie Cline, former Ohio State star, and his bride on their honeymoon. . . . And a reference is made to the Browns yearly golf parties here. . . . Coach Augie Morningstar, a disciple of Brown Coach Paul Brown, gets more footage on the film than any other outside coach. . . . Augie is shown at the Cleveland training camp in Bowling Green. . . . The first local showing of the movie, "The Year Around With the Browns," came off last night before a SRO crowd of more than 400 at the Moose lodge. . . . Fritz Heisler, co-producer of the film and Brown guard coach, accompanied the film and led off the program with a short talk on the Brownies. . . . The Stuffer carried on a running bull session with the amiable little mentor for some three hours last night . . . Many things came out for an airing but here's a few that wound up as notes on the soiled Cuff.

★

IN HIS TALK, Heisler touched briefly on the pro league warfare rhubarb. . . . He feels, as do many more of us, that peace between the warring factions is only a matter of time. . . . Fritz would like to see a situation comparable to that of major league baseball with a World Series at the end. . . . He gets more kick out of tutoring the pros than any other phase of the grid game. . . . "We get kids with a lot of natural ability and it is actually fun working with them," he says.

★

ONE OF THE QUERIES shot the way of the Brown coach was the age old dodge, "Which is the better team, the Bears or the Browns?" . . . Fritz answered that one with, "We'd love to play the Bears. We don't know who would win and neither do they. It would be a great game, though." . . . Heisler feels the Browns have been strengthened at center and at the tackles through deals and signing of college players.

★

THE STUFFER was much interested in the future of Dave Templeton, the ex-Senior high and Ohio State ace, with the Brownies. . . . Dave will join the Cleveland club in summer practice and he will fall under the tutelage of Heisler. . . . Fritz says he's heard glowing reports of the defensive ability of Big Dave but reminded us that he would have to beat out Bill Willis, Bob Gaudio or Lin Houston for a job with the Browns.

★

SOME 300 000 persons saw the 1948 Brown movie in three months and the club will soon have 14 prints on the road. . . . Heisler, himself, is on the move three or five times a week showing the film. . . . We liked the ending of the movie as well as anything. . . . Captain Lou Saban takes over the dialogue with "In 1946, I was a quarterback and never passed the ball. In 1947, I was a fullback and never carried the ball. In 1948, I was a center and never snapped the ball. But I'm going to keep the ball I scored a TD with against Buffalo in the playoff game."

Rams Beaten 67 to 30 By Inspired Foe

By CHARLEY STINE

LEXINGTON — A high-powered Lexington high school juggernaut served notice on Richland county and surrounding territory last night as it rolled to an easy 67-30 victory over Madison.

The Minutemen, in third place in the Richland county league, played the type of basketball which, if they can continue it, should carry them through the Richland county tournament with ease.

Lexington used the same fast-breaking offense which upset Ontario last week to overpower the Rams. It scored early, late, and often to make the amazing team average of 56 per cent of its shots. Most of the goals were on breaks under the bucket.

HAD WON EARLIER

Madison had beaten Lexington 41-33 earlier in the season on the Madison floor. At the time Madison controlled both backboards but last night the Rams might as well have stayed away on the rebounds. All five Lexington men seemed to be in on every missed shot.

Showing the way against the bigger Rams was Guard Duane Wirick and Center Dick Dill who led with 20 and 16 points each. Much of Wirick's work was on long tosses while Dill performed some cute footwork under the basket.

ROOT IN SECOND

The game showed no signs of turning into a rout until well along in the second quarter. Madison never led but was well in the game when it trailed by only 12-7 at thte end of the first quarter. Lexington pulled ahead 18-7 in the second quarter when Ram coach Blaine Dowler sent in his entire "next year's" team. Only Ed Chelski remained from among the starters.

That unit could do little better and the seniors came back on in a few minutes. Madison used its starting lineup to open the second half but trailing 44-18 in the third period, Dowler sent in the sophomores and juniors and let them play the rest of the way.

CHELSKI HAS NINE

Chelski who played a good share of the time with both units, led the Rams with nine points. He was the only Madison player to do any consistent work on the rebounds.

★

Madison's fine big reserve team continued to plod along as it pulled another game out of the fire in the fourth quarter to win, 30-28.

Kenny Woerth led the way with nine points. It was the ninth victory in the last 12 starts for the little Rams.

Dad's night was observed as Coach Don Sutter introducer all players and their fathers prior to the varsity game.

Ohio State Cagers Lead Illinois Athletic Invasion

COLUMBUS—(INS)—Coach Tippy Dye's Ohio State cagers spearhead a contingent of Scarlet and Gray teams who will journey this week end to Champaign to do battle with Illinois athletic teams. The Buck fencing, wrestling and gymnastic squads also will make the trip.

Ohio State's cagers, now cast in the role of "giant killers," following their upset conquest against highly favored Minnesota and a victory against Indiana's hot-and-cold quintet, are determined to knock Illinois out of the conference leadership.

A triumph against the Illini would be doubly sweet for Dye's forces since Illinois took the measure of the bucks 64-63 at the local's court two weeks ago. Ohio State plans to stand pat on its starting lineup which has won 10 of 14 games this season and posted a 5-3 record in Western conference circles.

HISTORY REPEAT

Dye is hoping that history will repeat itself because his last year's inexperienced cagers came on with a rush in the later half of the season to upset the league's leading quintets, including Michigan. So with victories over Minnesota and Indiana, Dye is leaning back and keeping his fingers crossed.

Ohio State's fencers and gymnastic squads are sporting unbeaten records which they'll lay on the line against Illinois Saturday. The wrestlers have a record of three wins and two losses.

Appleseeders Need Repeat

Johnny Appleseed junior high cagers need only to repeat an early season triumph to notch their eighth win against three defeats tomorrow afternoon at Union.

Appleseed meets the Union reserves following a 4 p. m. preliminary between the Pioneer eighth graders and a smaller unit from Union. Early in the season, Appleseed won in its own gym by a 26-18 score in the main event and 15-7 in the preliminary.

The Pioneers get their second test of the week Saturday night when they journey to Ashland to meet the Ashland high Junior Varsity.

College Ball Coach Rips Cincy Reds

EAST LANSING, Mich.—(AP)—The Cincinnati Reds' baseball club was criticized by Michigan State college's baseball coach yesterday for signing Hobert N. Landrith, MSC's No. 1 catching prospect.

Landrith, Coach John J. Kobs said, was signed by the Reds to a four-year contract at a reported $6,000 a year.

Landrith, a sophomore at Michigan State, told newsmen he was leaving college and would report to the Cincinnati club at its Tampa, Fla., training site on Feb. 28.

"If a fellow gets a good offer, he should take it," Landrith said.

Kobs, secretary of the American association of college baseball coaches and chairman of the national collegiate baseball tournament, has long been one of the chief opponents of what he termed "raiding" of college baseball ranks by professional teams.

Kobs' criticism, said the reds president Warren C. Giles at Cincinnati, "is well taken."

"If all clubs would refuse to sign college players, such as Landrith, we would be only too glad to go along," Giles said. "However, we don't want to sit idly by and lose prospects who are playing college ball. Eight other major league clubs were after Landrith and if we had not signed him someone else would have."

New London High Cage Team Wins Overtime Game

Mrs. Joe Louis Seeks Divorce From Champ

CHICAGO — (UP) — Mrs. Joe Louis today sought her second divorce from the heavyweight champion.

Louis himself announced that he has signed papers giving his consent to her application for a Mexican divorce, and that he has authorized an attorney to represent him in the case in Mexico City.

Three Pin Blasters Reach 600 Ranking

Only three of nearly 400 bowlers competing on the Colony and Richland Recreation alleys last night were able to dent the honor roll.

Bart Haley, rolling in the Elks league at the Colony, was to top gunner with 185-233-203—621. Hal Selby also came through in the same loop with a 180-245-189—614.

Another pair of Elks bowlers just missed. Leo Arntz had 233-181-184—598, and B. Bieri, 191-219-188—598. Others: Leo Yuncker, 588; Art Hilborn, 574; Jim LeMunyon, 569, and D. Treisch, 563. LeMunyon sandwiched a 161 between 203 and 205.

Yuncker had a 215.

★

Don Bachman was easily tops in the Westinghouse C league with 213-171-217—619. A poor first game threw B. Jacobs. He had 132-202-243—577.

Others: I. Foust, 568; Lou Tridico, 567; J. Buchanan, 554; J. Wiles, 551, and Bob Hauck, 543. Wiles had a 242 single game and Foust, 221.

★

Barney Campbell was tops in the 24-team Mansfield Tire league with 183-219-193—595 while J. Takos chipped in with 206-183-204—593. Charley Bauer had 154-174-253—581.

Others: Joe Siwek, 572; F. Miller, 547; Charles McMullen, 544; H. Matthews, 543; Skeets Wolf, 542; Eddie Davis, 539, and R. Shively, 534.

Davis was only of those fellows who slipped on a final game. He started off with a pair of 202's but fell to 135. Jerry Dillon had a 216.

★

Lead in the Transportation league went to Don Bachman, Geiger Distributing, with 177-208-200—585. Percy, Motor Cargo, was close behind with 192-224-168—584.

Others: E. Oesch, Mansfield Upholstering, 570; D. Kurtz, Teamsters, 555; Jacke Gaubatz, Geiger, 545; A. Augustine, Commercial Motors, 524; B. Forsythe, Upholstering, 517, and A. Karbula, Commercial, 510. Oesch had one of those things, starting with a 161 and following with 201 and 208. Forsythe had a 213.

Dominion Electric led the teams with a sweep and a 2571 pin tally. Motor Cargo recorded the only other sweep.

★

Grace Chronister was high in the Westinghouse girls' league with 152-105-135—392. Others: Freda Robertson, 389; Ann Finfgeld, 379; Ruth Metzger, 377, and Charlotte Hayes, 361.

★

Mansfield Plumbing's Denny Berry topped the Richland C league with 182-196-203 — 581. Andy Malthaner, Leedy Electric, and E. Hopp, Colby and Earick, had a close run for second in the league. Malthaner had 189-194-185—568 and Hopp, 182-195-190—567.

Others: Faiello, Ritz Nite club, 552; F. Black, Doc Hamman, 546; Ballengee, Ritz, 537 and I. Squire, Mansfield Rug, 515.

Squire had the top single game of 215.

Mansfield Plumbing recorded the only three game sweep and topped the pinfall with 2473.

Baptists Take Over Lead In Church Loop

A second half rally enabled the Park Avenue Baptist cagers to take over undisputed possession of the Senior Church league leading spot last night at the YMCA.

Park Avenue knocked St. Matthew's off the unbeaten pinnacle, 32 to 30, after trailing at the half, 18 to 14. The Baptists have now won three straight.

Lucas Lutheran also left the undefeated list by bowing to First Methodist, 37 to 24. In the other game on the card, First Christian came back to defeat Ontario Community, 43 to 41, Sparkie Watts, Christian sub, notched 17 points.

Old Armed Hits Trail To Hialeah Comeback

MIAMI, Fla., — (AP) — Armed, the old man of the country's name horses, was scheduled to take the comeback trail at Hialeah today.

Calumet farm's "Golden Gelding" — world's money-winning leader of the geldings — became a surprise entry for the fifth race, a six furlong overnight dash.

Stormy Is Sold

NEW ORLEANS — (AP) — The southern association New Orleans Pelicans yesterday purchased outfield Roy "Stormy" Weatherly from Indianapolis of the American association.

Anderson's Point Total Way On Top

Jimmy Anderson, the free wheeling junior sharpshooter, seems to have a strangle hold on Senior high school scoring laurels as the 1948-49 season gets deeper into the home stretch.

With only five regular season games still on the docket, Anderson has a bulge of 34 markers on big Norb Shibinski. The slender junior has dunked 85 field goals and 22 foul shots for a 194 total. Shibinski has 66 and 28 for 160.

They're the only pair about the 100 mark, although Paul Ferguson still has a corner on the free throw market. "Pinkie" has connected on 31 of 53 tries while Ken McCally is second with 20 of 35. Ed Demyan is also over the .500 mark with 14 of 27.

TWO ON ROAD

Two games this week end on the road and three more in the following two weeks end the Tyger slate. Coach Vern Hoffman's squad plays at Sandusky Friday and at Norwalk Saturday. The Tygers are riding a four-game winning streak, longest of the season, and rate as the favorite in both contests.

Next week, Mansfield entertains Lorain Tuesday and plays at Massillon Friday. The season finale will bring Canton Mckinley to the Tyger lair. The Bulldogs are the last team to take home a victory from the Senior high hardwood.

Ken Alezzi Puts His Point Stamp On Another Mark

MARTINS FERRY — (INS) Yorkville's Ken Alessi is the new Ohio Valley basketball scoring champion today.

The five-foot-seven high school star sank 41 counters in a 70-48 win over Steubenville Central to mark up a new record of 857 points in 25 games. Now history, the old record was 845 in 31 tilts.

But Alessi is not through yet. With seven straight win under their belts, Yorkville's sterling five has two regular season games ahead of it before the Jefferson County tourney begins next week.

Johnny Grier sparked a wild-scoring Barnesville squad to a 102-47 victory over crumbling Adena last night. Grier's high of 25 led the night's madcap scoring.

Fredericktown Basketballers Back On Win Wagon, 68-41

CENTERBURG—Fredericktown got back on the basketball victory wagon in convincing fashion last night, defeating Centerburg on home floor, 68 to 41.

The Freddies' long victory streak had been stopped by Lima St. Rose Saturday at Gambier, 50 to 38. Coach Don Swegan's crew had won 20 straight before falling to St. Rose, a state tournament finalist in 1948.

Center Earl Bechtel connected on nine field goal attempts and five free throws for a game high of 23 markers for Fredericktown. The Freddies led at all of the intermission points, 10 to 3, 34 to 19 and 55 to 27.

Fredericktown also won the reserve game 37 to 30

Cleveland Barons Edge Into Second

By International News Service

Cleveland's Barons barely edged into the runnerup spot in the American Hockey league's western loop today after a close call with the Pittsburgh Hornets.

A fast three-goal barrage in the space of two minutes and 29 seconds of the first period and another tally in the second gave the Barons a 4 to 3 win over Pittsburgh last night.

Veeck Has No Trouble In Signing Bobby Feller

Tieless One Turns To Other Pitchers

By DICK SMITH

CLEVELAND—(AP)—Bob Feller's in the fold, and President Bill Veeck of the Cleveland Indians could concentrate his persuasive powers today on signing the remainder of his pitching staff's big three—Gene Bearden and Bob Lemon.

The good humor with which Rapid Robert took a substantial but undisclosed cut probably encourages the tieless one as he tackles the job of satisfying Lemon and Bearden, neither of their valuable fingers itched for the pen on the first Veeck offer

There was nothing to confirm it amid the smiles and handshakes and popping flash bulbs at the Tribe's lakefront office yesterday. However, the best informed guesses were that Feller's pay slash was about $10,000 and left him $40,000 base pay and around $32,500 in prospective home attendance bonuses

PASSES TO DIMAG

The $87,000 Feller earned in 1947 and the $82,500 last season made him the game's top money earner Now it appears that distinction passes to Yankee Outfielder Joe DiMaggio, who signed Monday for a guessed-at $90,000 in base pay and bonuses

Somewhat miffed, Veeck brushed aside the question of whether Feller would continue to endorse the Tribe's largest pay check Manager and Shortstop Lou Boudreau received a sizable raise two weeks ago on a two-year contract reportedly calling for $65,000 straight salary each year

Although he refused to give any figures, Veeck proffered this information for the annual occasion

1. Feller "very definitely took a cut," but his base pay remains the same and the reduction is in his home attendance bonuses.

2 "There aren't very many in baseball who ever got as much money as in the contract just signed"

3 "Bob is still one of baseball's two or three great pitchers, and I think he draws more people to the park than Joe DiMaggio in every town"

The fireballing righthander said little: "It's a good contract, all right Now to win some ball games"

AHEAD OF OTHERS

Feller said he would remain here a week and would go to the world champions' Tucson, Ariz, training camp well ahead of its March 1 opening He piloted his own plane here from New York, arriving about a half hour late for yesterday's conference.

Feller will be starting his 11th season with the Tribe (he was in the service for three wartime years) He was the 12th Indian to sign for next season. Pitcher Sam Zoldak received a nice pay boost in coming to terms Monday, and Pitchers Don Black and Early Wynn settled earlier.

Kentuckians Increase Lead In Cage Poll

NEW YORK — (AP) — Kentucky's olympic-seasoned veterans held a firmer grip today on the No. 1 rung in the national college basketball standings.

Adolph Rupp's gifted proteges gained more than half the first place votes cast in the weekly Associated Press poll and pulled 65 points in front of St Louis' Billikens, their only conquerors.

47 FOR FIRST

The Wildcats snatched first place from St. Louis last week and solidfied their position this time with 47 of the 72 No. 1 votes by sports writers.

This enabled them to pile up an overall 670 points compared with 605 for the Billikens, who defeated them 42-40 in the Sugar Bowl at New Orleans.

Oklahoma A and M, the defensive Giant which holds a verdict over the Billikens in its 14-2 record, is third

The top teams figured on a point basis of 10-9-8-7-6-5-4-3-2-1 (first place votes and won-lost records in parentheses).

Ohio Wesleyan Cage Five Hands Wittenberg 1st Loss

(By Associated Press)

Ohio Wesleyan's basketball team pushed Wittenberg college from the undefeated class in Ohio conference play last night, beating the Lutherans 82 to 56

It was Wittenberg's first loss in five conference games, and Wesleyan's seventh conference win against two defeats Muskingum college, with 11 victories in the conference against two defeats, took over the leadership on a percentage basis.

Ohio Wesleyan, except for the opening seconds, stayed on top of the Lutherans throughout, holding a 40 to 25 edge at half time Jud Millhon of Wesleyan took scoring honors with 26 points Millhon also bettered his team's seasonal individual scoring record set in 1947 by Capt. Chuck Buttermore with 340 points Millhon entered the game with 320 points

In another conference game, Capital university defeated Otterbein 61 to 44 Last week, the others beat Capital 69 to 53.

ASHLAND LOSES AGAIN

Ashland college suffered its eighth straight defeat and 10th in 14 starts by losing to Heidelberg's Student Princes 73 to 58. It was Heidelberg's seventh victory in 12 games

At Bluffton, Findlay scored its second win of the season over Bluffton college, 76 to 58 Bob Wortman of Findlay took scoring honors with 22 points.

Western Reserve defeated Oberlin 63 to 59—almost duplicating Monday night's feat of playing an entire game without a substitution

The five, who played the full route in upsetting western Michigan 65-61 Monday night, got up to the last one minute, 40 seconds before Don Venetta replaced Fred Shew at center The other four Redcat cagers—Jim Cochrane and Dick Rutin, forwards, and Tom Cooper, and Joe Lehkos, guards, finished their second straight complete game.

WIN EIGHTH GAME

Kenyon college, journeying to the University of Rochester at Rochester, N Y., won 71 to 61. The victory was Kenyon's eighth against five defeats.

Bowling Green was forced to the limit in defeating La Salle of Philadelphia. Pa, at Bowling Green, 57 to 45 The score was tied up eight times and the first half ended at 24-all LaSalle trailed only 45-51 with a half minute to go in the game Larry Foust, LaSalle center, took scoring honors with 19 points.

ANNOUNCING ANOTHER NEW "FUTURAMIC"...
"88"
THE OLDSMOBILE
WITH "ROCKET" ENGINE
The Futuramic Fleet is now complete! The Oldsmobile "98"... the Oldsmobile "76"... and now the Oldsmobile "88," the newest Futuramic of them all! It's NEW in power.. with all the brilliant action, unbelievable smoothness, and gas-saving economy of Oldsmobile's high-compression "Rocket" Engine. It's NEW in styling .. with that brand new Body by Fisher whose lower, wider, roomier dimensions and greater visibility have made it an industry-wide sensation. But the Oldsmobile "88" goes further than that. It has an entirely NEW balance... a NEW "feel"... an indescribable something that sets it apart from any car ever built. You'll understand this when you drive the car.. and not until. So make a date with the "88." Ask your dealer to demonstrate Oldsmobile's "New Thrill"!

LEGAL NOTICE

Sealed proposals addressed to Director of Service-Safety, Mansfield, Ohio.

and endorsed "Proposal for Material and Equipment, Pumps Motors and Controls for Clear Fork Low Lift Pumping Station" will be received by the Director of Service-Safety of Mansfield, Richland County, Ohio, until 12.00 noon, E. S. T., February 23 1949, and then and there publicly opened and read.

Plans and specifications can be seen at the office of the Director, or at the office of the Engineers, The Jennings-Lawrence Company, Suite 538 Rowlands Building, Columbus, Ohio, and the same are referred to for details. Prospective bidders may obtain copies of the plans and specifications from the Director or Engineers upon payment to them of $5.00, $5.00 of which will be refunded if the plans are returned, in good condition, on or before the day of the letting.

All bids must be made on forms furnished by the Director of Engineers and all conditions herein contained and all blanks must be properly filled in, except that prices shall not be bid for items not appearing on the Engineer's estimate. No additional prices or qualifying clauses shall be written in.

Prices for labor and material shall be bid separately.

No bid will be allowed to be withdrawn, for any reason, after it has been deposited with the Director.

A bond or a certified check on a solvent bank located in Ohio, for an amount not less than 5% of the total amount of the bid must accompany this proposal, subject to the conditions stated in the proposal as security for the execution of the contract within ten (10) days after the award is made.

A bond for the fulfillment of the contract will be required in the amount of 100% of the contract price and in the form required by law.

Sureties on all bonds must be surety companies satisfactory to the City.

The right to reject any or all bids is reserved. Any award made will be made to the lowest and best bidder. Informalities may be waived at the option of the City.

Each bid must contain the full name and address of each person or company interested in the same. When there is reason to believe that there is collusion or combination among the bidders, the bids of those concerned therein shall be rejected.

A national corporation with local offices will place two alert, dignified men on their sales staff! Splendid earnings! We prefer married men, who definitely can appreciate a tremendous opportunity! Permanent. Must have car. Interview personal, by appointment only. Call Mr. Kellogg, 3116-6, 9 A.M. to 11 A.M. only.

Salesman Wanted (2)
We will hire and train two (2) men only, to become junior salesmen! We will teach you how to make an opening, demonstrate and close a deal! Further, we will see to it that you have a comfortable take-home check, while you are learning! If you are ambitious and willing to learn under our expert training, this is your opportunity! Must have car. Permanent! Apply 64-68 North Franklin St., Mansfield, O.

The Public Demand
For the "Famous White Cross Plan," has once again reached a point which requires us to increase our staff of representatives. We are in need of 3 qualified men or women to work in Mansfield and surrounding area. Qualifications are direct selling experience, an automobile, and the desire to earn better than $5,000 per year. We supply you with good qualified leads and we train you in presenting our plan to the prospect. Don't apply unless you believe in good sound insurance protection to take care of hospital bills and loss of wages.
See Manager 10:00 to 12:00 except Mondays. 201 Citizens Bldg., 52 N. Main St., Mansfield, Ohio.

Johnny & Susie Will
Love This Home

Located within 3 blocks of the to-be-built Maple Lake grade school and within sight of the city recreation supervised playground. The 6 room brick home is 2 years young and is a dream in itself with blond finish knotty pine for the walls of the entrance vestibule and for the wall of the stairway leading to the second floor. Little finger prints are easily wiped away. Balance of the walls are papered and painted. Bright sun shiny living room with white manteled fireplace and dining alcove with ceiling high corner cupboards create an atmosphere of genial hospitality. The kitchen is efficiently designed to save extra steps. The nursery or child's room on second floor has wainscoating of blond knotty pine. The other two bedrooms are good sized and the bath is tile. Curtis windows and storm sash throughout. Heated basement makes an excellent winter playroom and has extra illumination with large windows and a windowed door that opens out onto a terrace at rear of home. No steps to climb when you hang out your laundry. 1 car garage has shop and storage space. We will be proud to show you this home. Be sure to bring Johnny and Susie along.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Boys Guests of Club at Luncheon Party

Rotary Told of Scouts' Service to City

"Mansfield Boy Scouts donated over 13,000 hours of their time to Mansfield community programs last year," Floyd Dent, Scout executive of the Johnny Appleseed area, said yesterday in introducing the representatives of Mansfield's Scouts to the Rotary club.

Included in the Scouts' public services were the passing of 10,000 handbills for the 'Get Out the Vote' campaign, handling of the checkroom at the Chamber of Commerce dinner, delivering Christmas baskets, and decorating veterans' graves on Memorial Day.

The Scouts, who were the guests of the Rotary club as a part of the club's observance of Scout week, were the same Scouts who participated in the program at the city building earlier in the day.

James Geiger, president of the Scout Congress attending the luncheon, told the assemblage: "Many people consider Scouting as 'something where boys go camping,' but it is much more than that. Scouting offers companionship and comradeship not found in any other organization, and Scouting is an education in itself."

Geiger gave the credit for the progress and success of the Scouting movement in Mansfield to the Scouters and Cubbers who volunteer their time, and more often their financial backing for the furthering of Scout ideals.

Charles Young, Eagle Scout and Junior Rotarian, explained what he thought Scouting stands for. He said, "The 'S' stands for Service, service to your community as well as other Scouts.

"The 'C' overshadows all others though, it stands for Character. A Scout living up to the Scout Oath and Law, adds up to nothing else but character.

"The 'Outing' stands for Outing, the part of Scouting that everyone knows of best. To be out of doors with nature is every Scouts' desire."

GOOD NEWS FOR SICK PEOPLE
STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS
and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite Underweight, Dizzy Spells.

Drugless Health
REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.
FOR THOUSANDS of years ever since Hipocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Rich Red Blood
MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down —it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.
RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain of these ills. Doctors send people to mineral springs to find cure or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

Wonder Minerals
YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal youth and strength, drank its waters and bathed to be forever young.
GEO-MINERAL contains minerals found in the world's best springs. Watch the results a day or two after using it. The housecleaning it will do in your body, the poisons it will bring out. When you see this, do not get alarmed—thank Nature who created GEO-MINERAL as a sign that the medicine is working on you, and realize its value.
GEO-MINERAL is not a physic, and does not interfere with the foods in the stomach. It cleans and purifies the intestines thoroughly, relieving gas, toxins, acids, and bloating. After these poisons are out of the system, and the kidneys purified, we begin to feel the arthritis, rheumatism leaving as Nature starts to complete the recovery.

100% Guaranteed!
WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.
REGARDLESS of how long you have been suffering, and how many medicines you have tried before, Geo-Mineral may be your remedy.
TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Read What They Say!
Pharmacists, like doctors, know medicine best. Thousands of druggists of high reputation, who now sell Geo-Mineral, report amazing results by its users.

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for. — we unhesitatingly recommend it."

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results, helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds.

"We not only sell Geo-Mineral"—says G. A. Littlefield, Manager of Smith's Drug Store, Gastonia, N. C.—"but as pharmacists, we know good medicine, and we believe there is none better than Geo-Mineral as a supplement for mineral deficiency. Doctors, hospitals, sanatoriums know the value of natural minerals. We are not surprised at the many users who came back to buy more and told us stories of amazing benefit. We recommend it to our friends, relatives, and beloved ones, and to every one wishing for better health."

If Stomach Gas or Sour Food Taste Robs You of Sleep
Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year
You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this:
Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.
To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.
Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.
Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

City Park Costs Up By $7,303

But Department Has a Balance!

A total of $56,290 was spent during 1948 on Mansfield public parks, the annual report of the board of park commissioners revealed today. The figure was $7,303 more than the $48,987 spent in 1947.

The major portion of the total expenditures, $25,842 went for salaries and wages for caretakers and other workers. Supplies accounted for $6,997 of the total. Rest rooms at Maple Lake park were installed at a cost of $5,882. The superintendent and his secretary received $3,300; fuel and light cost $3,102; building of black top tennis courts cost $3,142.

Roads, operating equipment, culverts, and streams accounted for the balance of the amount used. Of the $57,607 allowed for the parks in 1948, $1,316 was carried over for this year.

A heater at Johns park was installed, but the cost, $3,389, was met with funds carried over from the previous year.

Expenditures on each of the parks were as follows:

Central park—$4,623; North Lake park—$5,405; Middle and South park—$5.964; Maple Lake park $1;901 (rest room project not included); Johns park—$3,472; Prospect park—$3,407; Liberty park—$5,491; John Todd park—$1,983.

A $2,000 tool house and garage was built last year in Liberty park. The funds for the project were contributed by the Liberty Park association.

A new building was completed at John Todd park with a rest room, light, and water. Two black top tennis courts were constructed, one at Maple lake park—the other at Liberty park. Streams at Liberty and Middle parks were dredged, and a parking lot at Liberty was completed.

Trees at three of the parks were trimmed, and tiling and filling of the Maple Lake bed was started.

A total of 22,629 admissions at Liberty pool netted a profit of $1,380. Receipts were $5,225 and expenditures were $3,845.

14 Religious Films Slated

A preview of 14 of the newest religious films will be given at the Mansfield-Leland hotel Wednesday beginning at 9:30 a. m.

The preview will be presented by James B. Upp of Lorain. The "Religious Film Festival" as Upp calls it, is being given as a service to churches and ministers of this area, many of whom have already used films from the Upp motion picture firm.

The films and their times of showing will be as follows: 9:30 a.m. "The Story of Esther"; 10:30 a.m. "Beyond Our Own"; 11:30 a.m. "My Name Is Han"; 1 p.m. "Letter from China"; 1:45 p.m. "Reaching from Heaven"; 3:15 p.m. "And Forbid Them Not"; 3:30 p.m. "The Raising of Lazarus"; 3:45 p.m. "Abraham's Faith"; 4:15 p.m. "Daniel in the Lion's Den".

Three of the films, "Letter from China", "My Name Is Han" and "Reaching from Heaven" will be repeated during the evening and at 9 p.m. ministers will be given their choice of a repeat.

An ancient measurement was a "cubit", meaning the length between the elbow to the tip of the middle finger.

Spy Hunter Finds Army Life Holds Unpleasant Surprises

(Continued From Page 1)

transferred to Ford Meade for a similar course in investigation work.

VISITS OLD OFFICE.

In October, 1945, after I had been at the Fort Meade school for a short period, I was permitted a little time to go to Washington to see my family. I went by the old House Office building.

At committee headquarters the new chairman, Rep. John S. Wood (D., Ga.), and Rep. Thomas deplored the manner in which the latest investigations had failed to produce fruitful information.

"There's no reason in the world why you should be kept in the army, doing nothing, when we need you," Wood said. "I'm getting you out immediately."

That suited me. I had another 24 hours with my family and then reported back to Camp Holabird, near Baltimore, to which camp my new school had been moved during my furlough.

I groped my way to my bunk in the darkness and was just settling down when I heard a voice in the darkness of the bunk above me ask "Are you Stripling?"

"Yes."

"They been looking for you."

"That right?" I asked, pleased that Wood had acted so speedily.

"Yeah. You're being sent to Tokyo."

Rep. Thomas hit the ceiling when he found out about my new assignment. He had Gen. Persons, the army's representative on the Legislative Deferment board, call the colonel commanding my school at Holabird.

The colonel at Holabird said there was little he could do about the order.

"The request from Tokyo is for a man with exactly Stripling's qualifications," he told Gen. Persons.

"Listen," Persons shouted into the phone, "if this fellow Stripling is so — —— important, why don't you at least promote him to privat first class?

But my furlough ended without further incident and I returned to camp to pack my gear again. A Lt. Murray interrupted that chore to call me to his office.

"I don't know who you are, soldier, but I've never had as much trouble in my life. I got a call from the Secretary of State's office today. You're to be taken off orders."

It took an act of Congress — the bill which enabled all servicemen with 18 months service to get out — to return me to civilian life.

Back in Washington I was asked to give a course in subversive activities to a special class of 50 high-ranking Air Force officers at the Pentagon.

As for the House un-American Activities committee, it had fallen into a depressing state. I got a taste of what a lot of returning servicemen suffered when the committee's new counsel offered me two days' work at $10 a day, "...if I cared to return."

I had worked too hard to turn away in disgust. I brought up the question of the GI Bill of Rights, and soon was back in my job as chief investigator. There was a lot of work to do... as well as some work to undo.

(Tomorrow: Gerhart Eisler, No. 1 U.S. communist, is uncovered and makes a stormy appearance before the committee.)

County Allocates Re-Decorating Funds

County commissioners have entered into an extra-work contract with Russell Sprunger, Mansfield, R. D. 3, who is providing the labor for painting and papering the walls and ceilings of the county jail buildings.

The new contract calls for an expenditure of $75. Sprunger was awarded the original contract on his bid of $625.

Commissioners also allowed $28 each to Rose Hetler, 338 Central avenue, and Robert J. Hetler of 26 Hoffer avenue, for their work in cleaning the walls of Prosecutor Harold Lutz's office in the Richland Trust building and performing other cleaning duties in the office.

Times Staff Sets Dance For Feb. 11

Committee Heads Named For Party

By SHERRY FIKE

Business and editorials staffs of the John Simpson Times, school newspaper, are planning a "Sweetheart Swing" for Feb. 11 in the Simpson gymnasium.

The school dance band will play from 8 until 11:30 p.m. This will be the final party before the Lenten season.

Chaperones will include the two advisers, Mrs. Gladys Lane and Edwin Cooper and other teachers, Mrs. Nellie Gates, Wallace Firestone and Miss Catherine Darling.

Chairmen of committees on arrangements include: Jack Knight, posters; Jane Germany, skits; Carolyn Thierlein, tickets; Barbara Yeager, door; Joanne Haerle, checkroom and James Amsbaugh, refreshments.

Students from Johnny Appleseed and Senior high schools are being invited as guests. There will be an admission price of 25 cents.

Friday night's Teen-age Tempo dance, sponsored by the ninth grade, was held in the Simpson gym. Donald Tennant's dance band, led by Charles Laser, played.

GERRELL RESIGNS

Raymond Gerrell, Room 105, former secretary of Simpson Red Cross, resigned last week. Larry Harper, Room 106, was elected secretary.

John Simpson won over Madison Reserves Wednesday, by a score of 44-14.

Locker inspection was held in the afternoon of Feb. 3. Most of the lockers were in good condition.

The contribution for the March of Dimes has been good Let's see how much we can contribute to the worthy cause.

Art classes under the direction of Miss Fae Sotherland and Mrs. Marlene West are just finishing their latest project of monograms. Now Miss Sotherland's classes are taking the first steps of design in contrasts. The project will be finished with water colors.

Mrs. West's seventh grade classes are making models out of clay. The best of the finished products will be exhibited in the show case in the front entrance hall.

Simpson library has received 53 new books, 22 non-fiction and 31 fiction.

TESTS COMPLETED

Results of maturity tests which students took in January were received by Miss Hester Robinson, building guidance director. They have been scored by the tabulating machine but not yet graded.

Simpson Safety Patrol under supervision of Wallace Firestone is continuing the campaign for the prevention of jay-walking. Names of offenders are reported and read over the public address system.

Mrs. Gladys Lane's home Room 102 still leads the race for the collection of the most sales tax stamps in the Red Cross stamp drive. Joan Riggleman is home room representative with Shirley Swimley assisting. Dick Staup helps count stamps.

Dr. William Eberhardt from Ohio State university visited classes in Simpson Wednesday.

Lewis Duffy is trying out for a staff position in photography and was taking flashes of the Ashland-Simpson game Wednesday.

The Feb. 7-11 noon movie will be "Because of Him", starring Dianna Durbin.

Check on Federal Farm Legislation

Two representatives of the Farm Bureau organization in the 17th congressional district were named at Mt. Vernon recently to check on farm legislation before Congress.

Chosen were Mrs. Isabelle Sellers of Knox county and Farris Owens of Licking county. They will go to Washington soon. Mrs. Helen Griebling of near Mansfield was made an alternate. A number of Richland countians attended the Mt. Vernon session.

Acheson Flays Sentencing of Cardinal

Hints Action By U. N.

Cites Violation Of Human Rights

BULLETIN

WASHINGTON — (AP) — The House Foreign Affairs committee called today for United Nations intervention in the case of Cardinal Mindszenty.

★

WASHINGTON —(AP)— Secretary of State Acheson declared today that the American people are "sickened and horrified" by the Mindszenty case in Hungary.

Acheson disclosed that the western powers may place charges against Hungary before the United Nations on the ground that Hungary has consistently violated its peace treaty requirements for human rights.

At a news conference the secretary of state linked the trial and conviction of the Roman Catholic prelate, Josef Cardinal Mindszenty, with the earlier "persecution" of Lutheran Bishop Lajos Ordass and declared:

"The Soviet-controlled Hungarian authorities seek to discredit and coerce religious leadership in Hungary in order to remove this source of moral resistence to communism."

Acheson called the arrest, trial and life sentence of the cardinal a "conscienceless attack upon religious and personal freedom."

Meanwhile a "closed" sign hung on the door of the Hungarian consulate in New York — a silent symbol of the wave of angry reaction stirred by the conviction of Cardinal Mindszenty.

WORSE THAN DEATH

Francis Cardinal Spellman, archbishop of New York, today termed the sentence "more merciless" than death, and called on Americans to vitalize their protests by removing "every communist cell from within our own government."

In congress, demands were raised that the U. S. sever diplomatic relations with Hungary, and that the United Nations be asked to intervene in the Mindszenty case.

In Canberra, Australia, President of the United Nations General Assembly Herbert V. Evatt said the matter may come before the April U. N. meeting in New York.

Despite prosecution appeals for a death penalty, the comment of a foreign office spokesman made it seem unlikely today that the life sentence of Cardinal Mindszenty will be increased to death by the appeals court.

Cupid Stalls On Boosted Postal Rates

The new postal rates are becoming thorns in the path of Cupid.

A lot of tender valentine notes won't get to the intended objects of the senders' affections unless the messages carry two or three - cent stamps, Acting Postmaster Curtis L. Ford said today.

Ford said quantities of one and a half cent stamps are being purchased, indicating many of them will be used to mail valentines. Some valentines already have been mailed with the one and a half cent stamps.

Under the new postal rates, unsealed envelopes must bear two-cent stamps. Formerly they could be mailed for a cent and a half.

Danes Seek Information On Alliance

Follow Earlier Action By Norway

COPENHAGEN — (INS) — Danish Foreign Minister Gustav Rasmussen disclosed today that Denmark, like Norway, is seeking information on the proposed North Atlantic Military alliance.

He said the government is now considering whether Denmark wants an invitation to join negotiations for the Atlantic pact, which will link the U. S. and Canada to Britain, France, the Netherlands, Belgium and Luxembourg.

Rasmussen, during full-dress parlimentary debate on foreign affairs, declared:

"It is the government's belief that an alliance in a free and mutually binding defense union is not only the best solution to Scandinavian countries' security problems, but also a natural link for constructive peace policy."

His announcement underscored the divergence of opinion on defense alignments in Scandinavia. Whereas Norway's foreign minister is now in Washington sounding out officials on the North Atlantic pact, Sweden has repeatedly reaffirmed its strict neutrality.

Meanwhile — Norwegian Foreign Minister Halvard Lange has been assured of rapid substantial aid from the United States if Norway were attacked after joining the North Atlantic Defense pact.

This was reported today following lengthy conferences between Lange, Oscar Torp, leader of Norway's majority Labor party. Ambassador Wilhelm Munthe De. Morgenthierne and top European experts of the State department.

"SWING YOUR PARTNERS"—A community square dance at Hedges school last night was attended by 250 parents and friends. This is the first year such dances have been sponsored in Mansfield by the P-TAs and the City Recreation department in cooperation with Local No. 159, American Federation of Musicians. Both at Rebecca Grubaugh, which had the first such event, and at Hedges last night, record crowds have turned out. At Hedges last night, S. J. Shadle and Arthur Touby did the "calling."

Troops Stop China Riot

3,000 Refugees In Wild Outbreak

NANKING —(INS)— Communist-threatened Shanghai bristled today with Nationalist army guard-posts set up to restrain hungry and sullen civil war refugees who staged a destructive riot in China's largest city.

The wild outbreak, in which two small children were killed and other persons were injured, occurred late yesterday and was put down only after government troops of the Shanghai garrison were rushed into action.

A dispatch from Shanghai said the riotous mob consisted of 3,000 Chinese war refugees from Manchuria.

Demanding relief payments, the rioters marched on the Whangpo police station in the downtown section of Shanghai's former French concession.

Garrison troops hurried to the scene at the urgent call of local police who were unable to check the riot.

8,100 Lose Jobs On NYC

NEW YORK — (UP) — The largest single layoff of men since the 1929 depression was announced today by the New York Central Railroad. Some 8,100 repair and maintenance workers were given notice of their temporary layoff by the end of the week.

The company said the reason for the mass discharges was a 10 per cent decline in passenger and freight traffic since last year.

The number included 500 employes furloughed at the West Albany, N. Y., shops of the railroad last week.

The road announced the closing of six locomotive and four car repair shops because it had more steam locomotives and cars fully overhauled now than it could use.

Poles Jump Ship To Escape Reds

NEW YORK — (UP) — Nineteen seamen deserted the Polish motor ship Batory the last time it was in port rather than go back to their communist-dominated homeland, it was disclosed today.

The mass desertion followed a series of ship-jumpings by smaller groups in recent months from both the Batory and its sister ship, the Sobieski, officials of the Gdynia-American line admitted.

LAKE SUCCESS —(AP)— Russia demanded yesterday the United States tell the United Nations by March 31 how many atomic bombs the United States has.

Patrol Boys Honored

City P-TA's Mark Founder's Day

Six Mansfield Parent-Teacher associations last night presented varied programs, several of them in observance of Founder's day, which this year celebrates the 52nd anniversary of the national P-TA association.

The programs included dinners, talks, community dances and panel discussions.

A dinner for the School Boy Patrol of Bowman school was held at Johns park and marked an annual event for the school, P-TA and Mothers club.

About 125 dined with 24 boys of the school as honored guests. They included: Ronald Bacquet, captain, Robert Stoner, John Brown, Bliss Baker, Floyd Simmers, Larry Zents, Gerald Garn, Leon Heinberger, Ernest Craze, Howard Kareff, Frank Shambre, Larry Sqrow, William Boyle, George Erhardt, Charles Tolley, Jack Cutnaw, Gene Ingold, James Morr, Richard Kiamey, Charles Culp, Kenneth Kelley, Jack Buckley, Daniel Fetter and James Meyer.

Each of the 24 was presented with a flashlight as a joint gift from the school, P-TA and the Mothers' club.

Maurice W. Taylor, executive director of the YMCA, spoke to the boys, telling them of the opportunity they had to become leaders through their work as boy patrols.

The need for a Social Welfare Council to administer activities of Mansfield's youth agencies was outlined to members of Rebecca Grubaugh Parent-Teacher association when a panel-discussion program was presented.

Speakers were Miss Agnes Kessler, executive secretary of the YWCA: Miss Margaret Rooney, executive secretary of the Girl Scouts; Floyd Dent, Boy Scout executive of the Johnny Appleseed area; Russell Gimbel, director of the Friendly House; Maurice W. Taylor, executive secretary of the YMCA, and Stanley Kamen, city recreation director.

The discussion program was headed by Norman L. Wolfe, and each of the youth workers outlined the functions and activities of their respective agencies.

TELLS OF WORK

Miss Kessler told of the varied programs offered by the YWCA to young girls and women of Mansfield despite the association's inadequate facilities, and Miss Rooney stressed the many character-building activities in which Mansfield Brownies and Girl Scouts participate.

Floyd Dent, in discussing Boy Scout activities, emphasized the important part parents play in the local program, and praised the work of more than 600 Mansfield fathers and mothers who serve as volunteer workers with the cub and scout groups.

Gimbel outlined the program at the settlement house, and told the group, "Any youngster who says he or she has nothing to do is wrong; Mansfield offers its youth more opportunities for recreation than any city of its size in the country."

Taylor, in discussing the YMCA program, praised the directors of the other agencies for their "excellent spirit of cooperation" in sharing their facilities with each other, but cited the need for a Social Welfare council to prevent the overlapping of activities.

Kamen's talk was centered on the varied programs which have been inaugurated since the Recreation Board was set up in Mansfield, and made an appeal to the parents to offer suggestions for any new projects which might be developed in the city.

The discussion program was preceded by a business meeting conducted by the PTA president, Wilbur Upson.

HOLDS DANCE

A community dance, attended by 250, marked the February meeting for the Hedges P-TA.

Both round and square dancing were on the program with Tex Forman's orchestra providing the music. Callers for the square dances were S. J. Shadel and Arthur Touby.

One-Way Traffic Shelved

Action Waits Street Change

The much discussed one-way traffic system in Mansfield will be shelved for the time being, it was learned today.

City council will hear the first reading of the 95 page recodified traffic ordinance tonight at 7:30.

As the bill is written now, seven streets are named to be included in the one way traffic system. However, it was learned today that council probably will eliminate that part of the bill.

Inasmuch as East Fifth street is a vital link in the system, and it will be a year before it will be extended to Ashland road and resurfaced where necessary, the councilmen, it is believed, will sidetrack the question until the street is in shape.

There has also been sharp opposition to the one-way proposal from downtown merchants.

The city filed condemnation proceeding against the Mansfield Telephone company yesterday to get enough land to extend East Fifth street from Snyder street to the Ashland road.

WOULD TEST RULES

Other major items in the new traffic law are:

1. A section giving the traffic commissioner the power to make certain rules different from these in the law itself. They shall remain in effect for no more than a year.

At that time they will be voided unless council legislates them in to law.

2. A section ordering that all taxi drivers be fingerprinted before they are granted a license to operate a cab on city streets.

3. The recodification incorporates all state traffic laws into the city law. Therefore, fines collected for traffic violations that formerly were turned over to the county will now be given to the city treasury.

'Flying Wing' To Try Long Speed Dash

WASHINGTON — (UP) — The Air Force hopes to give the nation another spectacular display of bomber speed by flying a 100-ton flying wing nonstop from Muroc, Cal., to Andrews Air Force base Md., it was disclosed today.

Air Force officers said it was not certain yet that the eight-jet B-49 Northrop bomber would be able to make the speed dash, but officers at Muroc Air Force base have been instructed to do so if possible.

This flight would follow yesterday's spectacular 3 hour 46 minute cross-country hop of a smaller six-jet B-47 bomber, averaging 607.2 miles per hour over a 2,289-mile course from Moses Lake, Wash., to Andrews field, the stratojet easily set a new unofficial transcontinental speed record.

INDICT FRAUD SUSPECT

CANTON — (AP) — A. F. Strouse was indicted yesterday by the Stark county grand jury on three counts of violating the Broker's Fraud act and the Ohio Securities act.

Ravaged West Hit Again

(By Associated Press)

Huge drifts of freshly-driven snow reblocked highways and rail lines over thousands of miles in storm-stricken western states today. More than 5,000 travelers on some 40 trains were stranded as crews worked against adverse weather conditions to move the stalled trains.

The new snow and wind storms this week in the Wyoming-Utah-Idaho area cost the lives of at least five persons. Ten families were rescued from threatened suffocation in their snow-covered houses at Rawlins, Wyo.

Westerly winds reaching a velocity of nearly 40 miles an hour whipped over sections of the blizzard belt today. Stockmen expressed fear of further losses to livestock from the latest in the series of storms which have lashed the western plains and Rocky Mountain region for nearly six weeks.

STORM STALLS TRAINS

Thirty-six passenger and one army train were stalled between Omaha and Denver. Last night some of the mail trains in the Wyoming snowbound area were rerouted.

The strong winds blew across the snow-carpeted areas of Wyoming, Idaho and parts of Utah and moved eastward into Nebraska, Montana and the Dakotas today. The U. S. Weather bureau said winds may diminish during the day in the Rocky Mountain region but "only temporarily."

Most of the blizzard-swept area, however, got one break in the weather—temperatures were not severe. But a below zero belt covered most sections of the north central states.

In Wyoming drifting snow reblocked more than 2,300 miles of roads which had been opened by army crews. Airplanes flew supplies of milk and bakery goods to Rawlins and Rock Springs, Wyo., to meet emergency needs of stranded rail passengers.

Candidacy Given OK

The Democratic candidate for the nomination for Second ward councilman is qualified to run for that office, Prosecutor Harold Lutz said today in an opinion prepared for the county board of elections.

The board yesterday asked Lutz for an opinion as to the eligibility of Harry E. Colbow, of 526 Clifton boulevard, who was mayor of South Boulevards until the village was annexed to the city in September.

The board asked the question since the law states a candidate must have lived in his ward for a year prior to the election.

Lutz said Colbow has lived at his present residence for more than a year and therefore is a qualified elector in that area. He pointed out that all persons formerly living in South Boulevards are qualified electors and eligible to vote in the election or run for office.

Lutz said Colbow will have lived in the ward a year by the time of the general election, Nov. 8.

Axis Sally Trial Again Underway

WASHINGTON — (UP) — A former nazi radio official resumed his testimony today in the briefly interrupted treason trial of Mildred (Axis Sally) Gillars.

The trial was interrupted yesterday when Miss Gillars complained of feeling ill after eating lunch.

The silvery-haired Miss Gillars showed no apparent affects from her illness when she appeared in court today to hear Hans Von Richter continue his line-by-line identification of her voice in a series of broadcasts.

Charged In Luckie Slaying

Lockridge Cited In Shooting

William Lockridge, 32, of 834 North Main street, was charged today with first-degree murder in the slaying of Clayton Luckie, 37, last Saturday night on North Main street.

Police said Lockridge and Luckie met the first time Saturday night. The shooting followed a quarrel, officers said.

Lockridge will be arraigned tomorrow morning in municipal court.

Lockridge was arrested less than 12 hours after the shooting which occurred in front of 224½ North Main street at about 10:30 p. m. Saturday.

Police said Lockridge and Luckie, who was an outstanding colored athlete at Senior high school in the early 1930's, became acquainted at the Paradise club, 224½ North Main street, Saturday night.

While they were in the club, police said, "someone accidentally bumped into someone else and an argument followed."

QUARREL STARTS

Luckie and Lockridge allegedly started arguing, police said, and continued their argument as they walked down the stairs.

As Luckie was standing in the middle of the sidewalk and Lockridge in the doorway of 224½ North Main street, Lockridge allegedly fired a pistol, hitting Luckie in the mouth and three times in the thighs. At least two other shots went wild, lodging in the lower half of a car parked at the curb.

Police declined to disclose what type of a pistol was used or whether there were any witnesses to the shooting.

The four other persons arrested in connection with the shooting have been released, police said.

The officers said the murder weapon had been recovered and would be produced in court tomorrow morning if the judge asks for it.

Police also declined to disclose whether they had a statement of any kind from Lockridge and whether he had confessed or offered an alibi.

1,600 Marines Leaving China

TSINGTAO, China, — (AP) — Two troops transports with 1,600 U. S. Marines aboard left this North China port Tuesday, with at least some of them bound for San Diego.

The transports Enrico and Renfield sailed as a marine band blared "California, here I Come", and cheers rang out from the crowded decks.

Departure of these marines reduces the number of leathernecks remaining in Tsingtao to one battalion.

Red Conspiracy In the U. S. A.

Cites Sister's Hatred For Eisler Brothers

(EDITOR'S NOTE: This is the eleventh article by Mr. Stripling, who shows for the first time, the inner workings of the House Committee on which he served.)

* * *

By ROBERT E. STRIPLING
(Edited by Bob Considine)

The witness chair of the House un-American activities committee has held an incredible variety of men and women, ranging from the yammering Bund members of a decade ago to those sharply-honed intellectual rivals, Whittaker Chambers and Alger Hiss.

But few witnesses have left a deeper imprint on the committee, or been more difficult to ferret out, than the remarkable Eislers. They were, and are:

Gerhart Eisler, the inconspicuous little Comintern representative whose position in the communist conspiracy in this country was great enough to give him power over life and death. He was the autocratic secret boss of such window-dressing Reds as Earl Browder, and he came and went as he pleased He still does that, though his wings have been clipped.

Hanns Eisler, his brother, a Moscow-praised composer of so-called revolutionary music, who worked for RKO, lived in a fashionable California beach house, and had such champions as Mrs. Roosevelt, Raymond Gram Swing, Clifford Odets, Dorothy Thompson and Asst. Secretary of State George Messersmith fending for him in his passport troubles.

Elfriede Eisler, their sister, called Gerhart a terroristic GPU agent who effected a "ruthless" purge of dissident Chinese Reds while bolstering communism in China, and who turned over to Russian executioners two of his best friends. She felt the same hatred, she testified, for her brother Hanns

Gerhart Eisler was trained in Moscow for his startling American task of operating in this country an absolute super-government of sedition. He came here first in the late 1920's with his first of three wives, and among other things, engaged in counterfeiting activities with Houston, Tex., as his base.

He returned to Russia in the early 30's and in the course of further schooling casually met

Market Decline Analyzed

Re-Buying Likely to Halt Sharp Drop

The present stock market decline is the "third and perhaps concluding phase" of a "bear" or falling market, according to Paul F. Cropper, vice-president of Livingston Williams and Company and well-known Mansfield economist.

In reply to a News-Journal query, Cropper said the market may be expected to go lower but that as prices drop, selling will meet with resistance as a result of reinvestment.

He anticipates that a "bull" or rising market will develop later.

Here is Cropper's analysis of current conditions:

"Forecasting stock and commodity market trends is not only a difficult occupation; it is one full of hazards for the investment consultant. The current dip in stock prices began last June, and as is usual in 'bear' markets should undergo three phases of declines before finding a permanent bottom.

"Two of these three waves have been completed during the declines from June to October and from November to January. We are now in the third, and perhaps concluding phase.

"Market students are aware of 'resistance' levels in rising markets, and of 'support' levels in declining markets. The latter level has our immediate attention as primary interest now centers in how long the market will go before 'support' stems the tide.

House OK's Ferguson Act Repeal, Next Move Up to Senate

Would End Teachers' Strike Ban

Lausche Hinted Opposing Move

By REED SMITH

COLUMBUS — (AP) — The Ohio Senate, birthplace of the Ferguson act banning strikes by public employes, got a "please repeal" request today.

It came from state representatives who voted 71 to 61 yesterday to erase the two-year-old law.

Sixty-eight house Democrats stood united for repeal—just enough votes for passage of the labor backed proposal.

They were joined by three Republicans, Reps. Guy C. Hiner of Canton, co-sponsor of the repealer, Ray C. Carpenter of Tiffin and Dave Moore of New Lexington.

Democrats have 69 house members but Speaker John F. Cantwell of Youngstown did not vote. One of the 66 elected Republicans was absent and one has died.

Two hours of debate over the repealer brought out that Democratic Gov. Frank L. Lausche might be placed in a difficult spot if senators pass it.

Party spokesman said previously the governor opposed repeal. They expressed belief he might veto the measure if it reached him. Eighty-one votes are necessary to override a veto in the House.

The Governor has asked committee chairmen—all Democrats—to dinner in the mansion tonight, presumably to discuss his legislative program.

The Senate got another labor-supported bill from the house. It permits the state and its subdivisions to "recognize the rights of employes to affiliate with or join labor organizations."

The original bill by Rep. William D. Donovan (D-Lucas) required such recognition but it was amended on the floor to make it permissive. The change was proposed by Rep. Joseph Schwartz (R-Hamilton).

The amendment carried 67 to 63. The revised bill then passed 81 to 49.

Democrats caucused an hour and a half before voting on the Ferguson repealer in an attempt to line up four dissident party members.

Re-Buying Likely to Put Brake On Decline In Stock Market

(Continued From Page 2)

"Due to the fact that prices, as measured by standard accepted indexes, have three times been held at the 165-160 range in the index, we would call that level an unusually strong resistance point. Temporary support will also be encountered at the 171-169 range, but it is doubted that this will be strong enough to hold.

"However, recognizing that forecasting is less of a science and more of an art, shrewd investors do not depend entirely upon ultimate probabilities, but start their buying at the first indicated support level, and complete their buying as the maximum indicated drop is reached.

"Sight must not be lost of the fact that millions of dollars are invested according to some Formula Plan, and these plans require repurchase at predetermined levels regardless of the personal opinion of investor. Briefly, it means that the lower the market goes, the more of this money that is automatically forced into the market.

"Taking into consideration our foreign relief program and defense program added to our domestic necessary requirements, it appears unlikely that business can recede more than 15-20% below recent high levels. If it should, there is little question but that the Government would again resort to inflationary measures to maintain our economy.

"It is possible that prices will decline through the minor support level at 170-172 but it does not appear probable that the 165-160 level will be violated at this time.

"Should this occur, it is probable that our economy is in worse shape than is realized, and that even artificial respiration won't prevent stock price from declining to the 140 level.

City's P-TA's Mark Founder's Day With Varied Programs

(Continued From Page 1)

Entertainment was provided for the children in charge of Mrs. George Reece Members of Girl Scout Troop No. 33, sponsored by the Hedges Mothers' club, assisted in supervising the children. Leader of this troop is Mrs. Charles Myers.

The dance was sponsored by the P-TA, and City Recreation department in cooperation with the American Federation of Musicians, Local No. 159.

A skit on Founder's Day, entitled, "The Cornerstone of the P-TA" was presented at the Newman program last night by Mrs. Sam Hall, representing the homes; Miss Hildegarde Fensch, Founder's Day; Mrs. Catherine Hess, school; Mrs. Earl Hines, the community; Mrs. Michael Sewick, the spirit of the P-TA.

Following the program, there was a cake walk attended by nearly 100 parents and friends. Miss Ruth Pulver and Mrs. Addison Patton took turns playing at the piano for the dance.

Proceeds from the cake walk will be sent as a donation to the Founder's Day memorial.

R. Y. Davis, teacher at Johnny Appleseed school and fifth vice president of the Ohio Congress of Parents and Teachers spoke on "Comics" at the Woodland P-TA meeting last night.

TEETH IN LAW

Davis, who heads a special investigating committee on "Comics" in the state, told members of the work being done and cited an Ohio law which provides that either papers or booklets which carry obscene literature or crime, can be barred. Davis said this law has sufficient 'teeth' in it if the various parents' and citizens' groups would get behind it

Announcement was made that on March 8 there will be an extensive exhibit of the pupils' work in all rooms of the building

Four instrumental groups from John Simpson junior high school, under the direction of Donald Tennant, presented a program at the West Fifth street meeting.

The four groups included a string quartet, a trumpet and trombone group, a trio of flutists and a quartet playing clarinets. Sixteen junior high pupils participated.

Mrs. Jane Heilman, president, had charge of the meeting.

Rape Suspect Trio Enters Guilty Plea

Holmes Judge Orders Observation At Lima

MILLERSBURG — Changing their plea of "not guilty" to "guilty" to the indictment charging them with rape upon a northeastern Holmes county woman, Mahlon Hostetler, 32 of Fredericksburg, Gene Weber, 21, Cambridge, and John E. Duncan, 18, Fredericksburg, were ordered by Common Pleas Judge Elmo M. Estill to be sent to the Lima State hospital for not more than a period of 60 days for observation.

The trial of Hostetler was to have started Monday morning but attorneys for and the prosecuting attorney informed the court the three men desired to change their plea. The jurors were notified and did not report for the case.

When the trio is returned from Lima and if found to be of sound mind they will be brought into court to be sentenced by Judge Estill. The charge of breaking and entering an inhabited dwelling with intent to commit felony still is against them and another case of rape is pending against Hostetler. The charge of rape the men pleaded guilty to carries a sentence of from three to 20 years in the penitentiary.

The sheriff's department said the three men would be taken to Lima today.

The fourth in the group committing the alleged crime is serving time in the Mansfield Reformatory. He is Harry Ober jr., 17, Fredericksburg. He was to have been brought here had the case gone to trial.

Report 2 Boys Missing

Two 14-year-old Mansfield youths who disappeared about dinner time last night, were sought by Mansfield police today.

Officers said it was believed the one boy was "talked into" leaving home by the second youth who had been truant from school. Officers identified the boys as Dick Vnasdale 151 Dale avenue, and George Ackinclose, 209 South Franklin avenue

The Vnasdale boy was reported last seen leaving the YMCA at 5 p. m. He was described as five feet tall, short and stocky and wearing light brown trousers, a red plaid shirt and mackinaw. The Ackinclose youth is five feet, 10 inches tall, weighs 115 pounds and is of slender build.

Horoscope

For Thursday, February 10.

A STRANGE or abnormal condition or an inexplicable situation quite out of the ordinary, could prove not only intriguing but baffling and disconcerting. All sorts of complications could menace the personal, romantic and workaday life, as tricky, dubious undercurrents assail the affairs. As well inner urges, strange, intangible and unaccountable, could becloud right thinking and lead to erratic, abnormal and irresponsible states of mind, conduct and activities. The inclination to indulge in juvenile or illicit behavior should be suppressed.

For the Birthday.

Those whose birthday it is may be prepared for a year of the peculiar, irregular, perplexing and complicated, in which it is difficult to predict the final outcome. Not only erratic and eccentric developments, but curious and irresistible drives may unfold intriguing slants in the judgment, with unhappy and discreditable reactions on the life generally Being carried away by fantastic emotions could have a serious effect on even discreet and rational characters. Sinister slips, due to illness, tricky contacts or designing persons, might exact far-reaching penalties Strict adherence to the "straight and narrow" is urgent Preserve the amenities and principles in crises

A child born on this day may have strong urges to youthful urges, emotions and pastimes, inciting to indiscretions and perhaps anti-social conduct, undermining its life and career

New Contamination Found In Water At Loudonville

ASHLAND — New worries today plagued Loudonville residents with discovery by health officials of contamination in the city's water which had been found free of contamination during the week end.

The new contamination was discovered in the routine checks being made by Dr. C. B. Meuser, city-county health commissioner, and state health authorities since the mid-January period when more than 1,000 residents became ill in the village.

In a statement issued late Tuesday, Dr. Meuser said: "Certain samples of the distribution lines show some contamination. There are two methods of overcoming this contamination. One is to boil all water, the other is to increase chlorination.

"Opinion of all cooperating authorities, concurred in by Dr John Porterfield, head of the state department of health, is that increased chlorination is the best method at this time. A gas chlorinator has been furnished the village by the city of Ashland and was installed today"

Dr. Meuser stated a new gas chlorinator is being obtained by Loudonville for installation next week, with Ashland loaning a chlorinator for the intervening period.

Surveys are under way for moving of a sewer line believed not more than two feet from a water main and held responsible by health authorities for the water contamination One typhoid death and another serious illness from typhoid are blamed on the contamination of the water.

Stock Market Takes Up-Turn As Major Commodities Dip

NEW YORK—(AP)—A rise in the stock market today contrasted sharply with a fresh break in some major commodities.

Key stocks showed upward tendencies almost immediately after the opening bell. Demand slowly gained momentum until gains ranged from fractions to more than a point. A handful of shares refused to go along.

These classes will start at the Senior high school vocational department Monday, Feb. 28.

Registration for these classes is being taken now, Oberlander said. Further information may be obtained by calling Oberlander

Resignation To 'Stick'

Service-Safety Director Earl T Garrison today squelched a rumor that he was considering the withdrawal of his resignation.

Garrison, resigned last month, effective next Tuesday, after he failed to get a pay increase from city council He charged that council was "prejudiced and discriminatory" in granting differential wage increases to city employes

He said today that he definitely would leave his post next Tuesday as he stated in his written resignation to Mayor Roy W. Vaughn.

Mayor Vaughn said he has several applications for the post, but that no one has been named as yet.

Area Young People Meet

One hundred and 37 young people from Richland and 11 other northcentral Ohio counties attended a district Farm Bureau youth conference last week end at the Ontario school

The all-day program included talks by state Farm Bureau youth leaders, classes in co-ops, youth council problems, fundamental dance steps, and home games. There was a party in the evening. C. Maurice Wieting, Columbus, of the state Farm Bureau youth organization, talked on "Propaganda and Its Influence Upon Youth."

Director of the conference was R. J. Elliott of Springfield township while Richard Wolford, Madison township, was chairman.

The next district meeting will be at Ontario in April The Richland county youth organization will meet next Thursday at Liberty park.

Hog Prices In Continued Drop

CLEVELAND — (UP) — Hog prices on the Cleveland Union stockyards today dropped for the second consecutive day to reach the lowest range since the end of price control

Best receipts sold at $20.25 a hundredweight, off 75-cents from yesterday. On the last day of government control, Oct. 14, 1946, quotations read 16 45 and then promptly jumped to $27.50 here the next day.

Back In Alimony, Husband Jailed

Henry G. Prinz, 25, of 303 Grace street, has been ordered confined in the county jail for 10 days by Common Pleas Judge G E. Kalbfleisch when he was found guilty of contempt of court in failing to keep up temporary alimony payments, a journal entry showed today.

Judges Begin Terms Today

Common Pleas Judge G E Kalbfleisch and Probate-Juvenile Judge Stuart H Cramer began their new terms of office today. Both were reelected.

For Judge Kalbfleisch this is his second term which will run for six years Judge Cramer's new term is a six-year term Previously, he served two four-year terms The new term is for six years in accordance with a Constitutional amendment approved by the voters in 1947 making probate judges' terms six years instead of four.

Both judges will receive $6,454 12 yearly. Judge Kalbfleisch getting an increase of $1,000 and Judge Cramer getting an increase of $479 12

Three Violators Fined $50 Total

Three traffic law violators were fined a total of $30 in municipal court today.

Emil Balanenco, Mansfield, R D. 3, was fined $10 and costs for unsafe operation and lost his right to drive for 60 days

Also fined $10 and costs for unsafe operation were Lowell Griffin of Bellville and James L. McCall of Cleveland.

Discuss Purchase Of Equipment

The Richland County Tuberculosis Sanatorium Building commission yesterday heard a discussion by a representative of the State Department of Health on purchasing of equipment for the new county sanatorium.

The representative offered advice on preparing estimates and the buying of equipment. The state has an interest in the purchase of equipment since federal money for the equipment contracts came through state channels.

C. of C. Group Studies Parking Needs

SOMETIME, somehow, Mansfield will have a downtown parking garage of sufficient capacity to provide inside parking for several hundred cars. The need already exists.

While the idea is still in a conversational stage it is encouraging to hear that a Chamber of Commerce committee is showing interest in this subject, with a view to learning more about the practicability of such a project.

When it is taken into account that the number of automobiles in Mansfield and immediate vicinity is far in excess of available parking space, this can rightly be regarded as a community problem and the Chamber of Commerce appears as the proper agency to take the initiative in an attempt at solution.

It is well remembered that Mansfield's General hospital is the outcome of slowly developed public interest, with the necessary funds provided by large and small contributions from many people.

The Mansfield-Leland hotel also came about as a result of recognition of a civic need, with many years elapsing before there was any return to those who subscribed for stock in order to finance the purchase of a site and construction of the hotel.

Whether or not a centrally located parking garage could be made an immediately profitable investment is problematical, but as a community project it would seem to have sufficient public appeal to gain widespread support if tangible plans are developed and presented.

Problem of World Trade Presented

THERE now looms a congressional investigation into the effects of Swiss watch imports on the American watch industry. House leaders of both parties have indorsed the proposed inquiry, and one is quoted as saying he favors "doing something about it."

Presumably that something would be an increase in the tariff rates on watches, to raise the prices of those from Switzerland so people would buy American watches instead.

In 1947, the latest year for which full figures are available, Switzerland was the tenth nation in the world in volume of international trade. Its most important export was watches; its most important customer was the United States.

But Switzerland bought more from this country than it sold here. In final effect, therefore, every dollar Switzerland received from watches or other goods sold in this country was turned right back to the United States to pay for American goods.

If we should raise the tariff on Swiss watches so that fewer of them would be sold here, Switzerland would buy proportionately less goods from us, because it would have less money with which to buy.

Warning Against Fraudulent Scheme

FROM the post office department in Washington comes a warning that this country has been flooded recently with letters mailed from Paris offering pornographic material, in violation of postal laws.

Persons receiving the letters are asked to deposit money in a New York bank, to the credit of the Paris operator, who says he will then send the material to this country.

The catch is that such stuff cannot be sent into the United States, and a fraud is being perpetrated for the reason that people would be paying for something they would be prevented from receiving.

A fraud order has been issued against the Paris concern and all mail addressed to the man whose name is given as Eric R. Ottenson, will be returned to senders. People receiving such letters are asked to destroy them, to prevent them from falling into the hands of those who may not be aware of the fraud or who are tempted to respond

Telling What Is Already Known

DR. ERNEST E. BLANCHE, statistician with a doctorate in mathematics, has devoted much time to proving that gamblers, in the long run, always lose. He is spending still more energy in an effort to convince the public of the truth of his conviction.

The learned mathematician is wasting his time. Everyone who gambles knows that he is more likely to lose than to win, but nevertheless he convinces himself that he will win, no matter what happens to other people It is that slim chance of winning that gives the whole performance the fillip that makes gambling devices profitable.

Confidence is felt that when bigger and better atom bombs are made the United States will make them

TODAY IN HISTORY

A naval battle between the United States frigate Constellation and the French ship L'Insurgente took place off the coast of the West Indies on February 9, 1799.

Dave Boone Says:

IT SEEMS to me a fair question—after reading the arguments of the battery of lawyers in the trial of the 11 alleged communists in New York—to ask: "When does the trial of the judge end and the trial of the defendants begin?"

* * *

This trial has been running for weeks without even coming close to any questioning of the fellows supposed to be on trial. Judge Medina is weak from objections, arguments and interruptions. I can't tell whether he is conducting a trial or being cross-examined preparatory to sentence.

* * *

What's become of the elementary principle in all courts of America (the one they emphasize in the law schools and bar associations) that a lawyer is, first of all, an agent of the court whose first duty is to help the court in the determination of the real truth in any case?

* * *

If those lawyers defending the alleged communists continue their rugged hostility to that New York court, I wouldn't be surprised to see the judge throw himself on their mercy and ask clemency.

Frankly Speaking

What Can Congress Do?

By JAMES MARLOW

WASHINGTON — Congress is over a barrel, and it's a beaut, in trying to write a new labor law to control big strikes that might damage the public health or welfare.

Anything less than going the limit in the new law will mean at best only a half-measure that someday may cause a great deal of trouble.

But neither Congress nor unions nor employers seem to want any part of the extreme measure, because it would put a real limit on the freedom of unions and employers to bargain.

This would be the extreme step: The law would let the President forbid, completely and permanently, a strike that he felt should not be permitted to occur.

But this would be unfair to labor, since a strike is its greatest weapon, unless there was an equally harsh crackdown on the employer.

So the real crackdown on both would mean: No strike at all and compulsory arbitration. That is:

Once the government ordered no strike, it would set up a board to hear the argument of the union and the employer.

The board, having done that, would give a decision. Both sides would have to accept it.

But, to be fair to the union such a law would have to make any decision by the board retroactive. For example:

A union wants to strike Jan. 1. The government stops it and sets up an arbitration board. On May 1 five months later, the board gives its decision: A raise of 10 cents an hour for the union.

So the boss couldn't give the raise, starting May 1. He'd have to make it retroactive, a raise of 10 cents an hour, dating back to Jan. 1 when the government said the union couldn't strike.

But a union wants no ban on its right to strike. And neither union nor employer wants compulsory arbitration. They don't want any government board telling them what they must do.

And Congress is reluctant to go so far in handling strikes, for various reasons: It does mean a limit on freedom, and unions and employers would put on terrific pressure against such a law.

* * *

Seek Middle Course.

SO CONGRESS is faced with the job of trying to work out something which won't go to the extreme and at the same time act as a kind of brake on a big strike.

It may try one of these devices: Power to delay a strike or only stop it temporarily. For example:

A law giving the President authority to ask a union not to strike for 30 or 60 days after the date on which it wanted to strike. The idea of the delay would be to give the union and employer just that much more time to reach an agreement.

This, law, although not giving the President power to order no strike for 30 or 60 days, would, in effect, be the same thing. A union almost certainly would agree to the President's request for a delay.

But after that time, if there was no agreement, the union would be free to strike without any written power in law for the President to halt the strike.

If it was a big enough strike, and really was crippling the country, the President certainly would step in and stop it, whether he had specific power in the law or not.

So such a law—by failing to give the President express power to forbid the strike indefinitely or permanently—would be bucking the main issue—a big strike—if it ever occurred.

Or, Congress might give the President power, through a court order (injunction) to forbid the strike for 30 or 60 or 120 days and then leave a union free to strike afterwards.

But suppose the strike went on after that 120-day delay and was ruining the country. What then? Then the President, without written authority in law, might try to stop it.

But such a law too, would be ducking the main issue: How to stop a strike from crippling the country? That's why the Taft-Hartley law provided no real solution to the problem of a big crippling strike.

It allowed the government to stop such a strike for 80 days. And then the union was free to strike.

But labor now is in a more settled condition after the war. No labor crises are in sight. And Congress almost surely will look for a solution short of the extreme.

What About Equal Rights?

California has come to be known as a breeding ground of odd and interesting organizations, political or otherwise. The latest to receive public attention is one called "the Society for Protecting the Economy of Rebuffed Males." The curious point about a group with such a name is that it has nothing especially to do with rejected suitors The founder, E. W. (Hap) Hall of San Diego, makes that clear.

"For twenty-five years," Hall explains, "men have been taking a beating from women mentally, morally and financially. Men never get an even break with women, which is the reason the latter own 80 per cent of the nation's wealth Our group is formed to give men qual rights."

This is a noteworthy switch on the usual notion that men are the dominant sex, even in the mid-twentieth century. But, come to think of it, are they anymore? And can Hall and his new society really be on the right track?—Kansas City Star.

Cardinal Mindszenty Case Stirs World

By J. C. OESTREICHER

JOSEF CARDINAL MINDSZENTY has been sentenced to life imprisonment by a Budapest court.

And this tragic event has given the world another example of poor Soviet timing in contrast with the days when the communists had a great knack for capitalizing on events at the most propitious moment.

For the cardial's sentence coincided with a Soviet diplomatic offensive on a grand scale against Scandinavia. The result may be a smashing defeat for Russian aspirations in northern Europe.

Certainly the events in Budapest have reduced communist prestige throughout the world to perhaps the lowest ebb it ever has known

Led by the Vatican and Cardinal Spellman, religious leaders and laymen throughout the world are up in arms over the travesty of justice that has occurred in the Hungarian capital and a militant upsurge against atheist communism is inevitable

In the past, the Soviet chieftains in the Kremlin have chosen to lay low and say little or nothing when excesses condemned by the world have occurred in any of the satellite countries

Now, however, Moscow has selected this particular time to bring pressure to bear on Norway, and perhaps Sweden and Denmark also, to turn away from the western democracies and seek instead some place of illusory security in the orbit of the Soviet Union

The choice of this particular time for the Kremlin to throw its diplomatic weight around in the international arena is astonishing on a number of scores

The press and radio of Norway and the other Scandinavian countries are completely free and uncontrolled This means that there is no need not disposition to accept the Mindszenty trial at its face value

Another factor of importance is that the Scandinavian people are deeply religious, given to quiet conservative lives and are staunch champions of individual liberty

The repressive methods of communism are completely alien to their traditions and beliefs.

Yet the Russians chose this moment to invite the Norwegians to sacrifice their liberty of action for the dubious boon of a military agreement with the Soviet Union which at best would be a heavily one-sided deal.

The psychological factors involved in connection with the Mindszenty case are enormous

It may be anticipated that the Vartican, through the newspaper L'Osservatore Romano through declarations from Pope Pius and other high officials, and through simple sermons preached by priests on Sunday all over the world, will continue its expose of the cardinal's "railroading" until there is no further room for doubt in the mind of everyone.

Each new "convert" to the conviction that Mindszenty was persecuted will be another stone in the rapidly rising wall of world opinion against communism.

Barkley Refuses Dixiecrat Hospitality

By DREW PEARSON

WASHINGTON — Dixiecrat Governor J. Strom Thurmond, who was cold-shouldered by President Truman at the inauguration, has now been snubbed again—this time by Vice-President Barkley. . . . Invited to address a meeting of South Carolina mayors this week, Barkley was all set to accept. But at the last minute Thurmond, a governor, decided to attend the mayors' meeting and also asked Barkley to be his guest at the governor's mansion. . . . This put the VP on the spot. So the other day on the Senate floor, Barkley beckoned the two South Carolina senators, Burnet Maybank and Olin Johnston, up to the vice-president's rostrum, explained confidentially that he wouldn't stay with Thurmond but didn't want to create an incident. The best solution, Barkley decided, was not to go to Columbia at all.

Secretary of labor Maurice Tobin is worried about a long and possibly bloody coal strike this summer. John L. Lewis's contract with the coal operators expires in May. . . . However, because of mild winter weather in the east, coal stocks are higher than in years, and the operators know that if there is no strike the price of coal will go down. Therefore, to keep the price of coal up a long strike will be necessary. Also, the labor department suspects that some of the bigger coal operators want a long strike in order to squeeze out marginal independents. . . . Secretary Tobin is hoping both sides will put patriotism above profits but he has his fingers crossed.

MacArthur Reports.

GENERAL MacARTHUR has told Secretary of the Army Royall that he has ironclad proof the communists in Japan are financing their activities through black-market operations.

MacArthur says he has evidence the communists are smuggling a Russian-made medicine for curing stomach diseases into Japan and selling it illegally at fantastic profits.

Also, they're selling newsprint which the U. S. army allocated to the Japanese communist newspaper "Red Flag." MacArthur reported that several top-ranking Japanese communists are involved. . . . Royall has told. MacArthur to crack down on the communists whenever he believes best.

Although the Navy was sharply criticized for revealing its proposed strength down to the last plane and ship, Secretary of Defense Forrestal's office has been pressuring the Air Force also to publish its secret strength. This was bluntly suggested to the Air Force by Forrestal's budget chief, W. J. McNeil—who happens to be a reserve admiral. The Air Force turned him down, however, on the grounds of danger to national security.

Diplomatic Preview.

SECRETARY of State Acheson is taking no chances with Congress. As undersecretary he had his fingers burned a couple of times because he didn't tip off Congress in advance about the administration's most important bills. But it's different now.

That's why Acheson and his assistant secretary of state, Dean Rusk, conferred secretly twice this week with key members of the Senate foreign relations and House foreign affairs committees.

At one hush-hush meeting, Acheson gave Vandenberg a complete fill-in on the negotiations for a North Atlantic Alliance and urged him to get behind the treaty when it comes up in the Senate. Vandenberg replied he would have to study it carefully first before making any commitments.

Acheson also pleaded with Vandenberg to support the administration's bill to appropriate sixteen million dollars to relieve the plight of 750,000 Arab refugees from the Palestine fighting.

Acheson said the Arabs, crowded into filthy camps, are dying at the rate of 50 a day.

It is absolutely necessary, he said, for the United States to do what it can to help because the American reputation in the Arab world is at stake.

Vandenberg replied that he would be glad to throw his weight behind the bill.

Meanwhile, Assistant Secretary Rusk had gone up to Capitol Hill to talk secretly with Congressman Sol Bloom, Democratic chairman of the foreign affairs committee, about the same thing.

The state department had been especially worried about Bloom's reaction to the bill to aid the Arabs, because he had indicated in a speech he might oppose the idea. However, Rusk found Bloom quite reasonable on all points, and now feels he will vote for the bill.

French Gratitude.

DURING wars, allied nations pull together, work together, fight together of necessity. They cannot afford to do otherwise. After wars, people sometimes drift apart. After wars, it is easy to bicker over the spoils of war, over the terms of peace.

That the French people want to work at peace just as hard as they worked at war is attested by the 49 boxcars of the gratitude train now fanning out to all parts of the U. S. A.

Diplomatic Pouch.

THE United States has sent secret notes to France and Britain urging them to agree to leave 175 factories in Germany instead of removing them for allied reparations. . . . The top nationalists are beginning to desert Chiang's sinking ship. T. V. Soong, Chiang's brother-in-law, has informed U. S. Ambassador Stuart he wants to come to the United States. The state department has decided to recognize the new government of Paraguay which seized power 10 days ago, even though this was the sixth Paraguayan revolution in 13 months. Actually, the state department's Latin American experts believe the new government is controlled by civilians instead of the military, therefore represents a reversal of the military trend in Latin America. . . . Don't count Bob Lovett, the former undersecretary of state, out of the diplomatic scene yet. Influential Republicans have launched an undercover drive to get him appointed American ambassador to France, replacing Jefferson Caffery. Lovett's friends believe Truman could talk Lovett out of his desire to return to private life—if he wanted to.

Viewing the National Scene

Another Name Expected

By THOMAS L. STOKES

WASHINGTON — Labor faces an uphill fight in Congress to get something approaching what the administration is asking on its behalf, through Secretary of Labor Tobin, in modification of the Taft-Hartley Act.

This is clear as the Senate labor and public welfare committee conducts public hearings on this still highly controversial and politically explosive issue.

As a matter of fact, there was the suspicion of political bargaining in the curtain-raising in the extent to which Secretary Tobin went in proposing revision of the existing law which surprised some members of Congress.

Whether this was more than the expected political strategy to get as much as possible and contained some effusive lip service to pay off election obligations remains to be seen from developments.

Some Republicans expressed doubt that President Truman really wants all that his secretary of labor specified, and suggested he probably would be satisfied, if not pleased, with something less.

There were two facts of politics that enter into any calculations of what finally may come from Congress in the way of labor legislation to which perhaps too little attention has been paid in glib analyses of the November elections. One relates to the President; the other, to Congress.

While President Truman certainly is truly appreciative of what the rank and file of labor did for him in the election, he is not as beholden to labor leadership, itself, as that leadership sometimes tries to assume.

Many labor leaders were very active in the movement early last year and up to the party's national convention to dump him and get another candidate, and President Truman would be less than the human being he is if he forgot that.

It is true that, after the convention, the labor leadership, with very few extreme left-wing exceptions, closed ranks and organized its forces for the party, but always with more emphasis on Congress than on his candidacy.

* * *

Farm Vote Big Factor.

LABOR held the line for him in big urban centers, but just held the line; for, in many cases, his big-city vote ran behind that of President Roosevelt four years ago.

In that way it was an important factor. But President Truman could not have won without the farm votes in the middle west that threw to him states that went Republican in the two previous national elections and provided the margin of victory. That is a political fact, not a fancy.

Additions to Democratic ranks in Congress from the farm states exert a different sort of pull not only on him, but on Congress. For those midwestern farm states have had a conflict of interest with labor, sometimes bitter, that is well known.

While the Taft-Hartley Act was a rallying symbol for city labor, it was not so in the farm states.

This brings us to Congress, itself. It is not a labor Congress at all, and anybody who figures it that way makes a mistake. It has more members sympathetic with labor than the Republican 80th Congress; but it does not represent a great shift in that respect, part of which goes to the plain fact that Congress, especially the House, still is from preponderantly rural and small-town constituencies where labor is not so effective.

Anyone who watched the 80th Congress at work on labor legislation was very conscious of the punitive spirit abroad and how the confusion and turbulence of the post-war era was exploited by those who would restrict labor's rights.

Secretary Tobin described this aptly when he pointed to the widening gap in those days between wages and the cost of living that caused exasperation and industrial conflict which, in turn, provoked the strikes that brought public pressure upon Congress to do something.

Who Should Teach?

By ELSIE ROBINSON

SOMETIMES the letters crowd themselves so thickly that they must wait for weeks before answering. Here's such a document and it well deserves the attention of every parent in America.

It's from a devoted mother who is more than a little wild at an article I wrote some time since.

One of our foremost judges had issued a statement condemning our overwhelming majority of female school teachers. At the same time another well known writer joined him in his lament.

"Why," they cried in chorus, "must our children be so overwhelmingly under the influence of women from the time they are born? I am not condemning women as a sex. They have my strongest respect and admiration but I do not think it's good for a child to grow up without the male influence in his or her life.

"Although I am a loyal American and consider our educational system praiseworthy, I still believe that men should have a greater influence over growing children."

At this point one of our lady readers took the stage. She wanted to know just what these brave lads were doing to influence the children in their neighborhood.

Were they leaders in the Boy Scout camps? Did they take a prominent part in youthful athletics? Did they have classes in Sunday school? How much of their leisure time did they give to the younger members of the family? Did they play with them—go on picnics with them—keep them informed on current events?

And right there the lady touched off an atomic bomb, though she didn't know it. For it's perfectly true that while men grouch and gripe about our educational system and clamor for more male teachers, when it comes right down to brass tacks they do very little about it.

Make a list of your men friends. I'll wager every one of them is a good citizen. They have fine standards and they live up to them. Moreover they want their children to be as well trained in those standards. But do they themselves chip in and do their bit? Very rarely.

American education is as full of holes as Swiss cheese. We could not hire a maid of all work to do our domestic chores for the wage which we pay our teachers.

We have many problems for which our faces should be red but none more shameful than our treatment of the average school teacher.

And then we wonder why we haven't male educators.

The simple truth is that there is hardly a male educator in our grade schools who would work for the salary which we give our female teachers.

Our youngsters do need that influence of men during their plastic years. They need that influence very much. It would alter their whole viewpoint if they could have it. But show me one man out of 500 who will do the job at the wage we offer and under the conditions we impose.

Fined $75, Loses Right To Drive

Driver Cited for Leaving Accident

Allen Kahn, 188 Central avenue, was fined $75 and costs in municipal court yesterday for failure to stop after an accident.

On condition that he pay damages to Wayne Stewart, 86 East Third street, whose car he damaged, $25 of the fine was suspended. Kahn's driver's license was revoked for six months.

George Snordon, 200 Crystal Spring avenue, was given a 60-day suspended sentence for assault and battery. The affidavit was signed by Anna Mae Green, of the same address, who charged Snordon had struck her on the mouth three weeks ago.

Judge H. H. Schettler said this was the fourth affidavit signed by the complainant against Snordon, and warned him he would have to leave their dwelling.

Harold Fulmer, Mansfield, R. D. 5, was found guilty of unsafe operation and fined $15 and costs. He had pleaded innocent to the charge.

Eugene R. Beal, of Butler; Lester W. Hicks, of Shelby; and Harold W. Ruckman, of Plymouth, were fined $10 and costs each for speeding. Charles Stine, 35 Baldwin avenue, paid $10 and costs for failure to yield tin, of Plymouth, was fined $5 the right-of-way. John R. Marand costs for failure to obey a stop sign.

Developing good Scouts and good citizens is Frank H. Bisping's big interest.

"I make the time to build boys, too!"

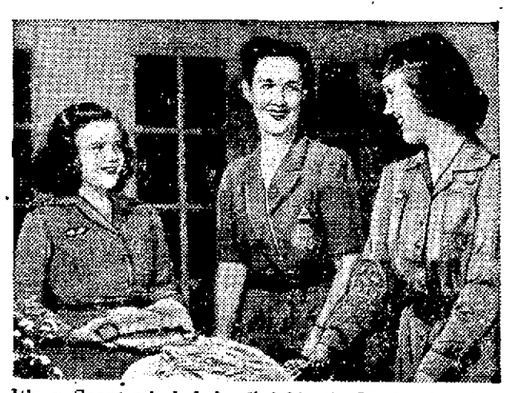
Says Contractor "Spike" Bisping of Clarksburg, West Virginia

● With three children of their own to bring up, Spike and Myrtle Bisping wanted to help make Clarksburg a better place for *all* children to grow up in. But what could they go into that would bring out the best in youngsters, help to build the best citizens?

Was Scout work the answer? Spike had the work of a new construction business on his shoulders. How would he manage to make the time to "build boys," too . . . ?

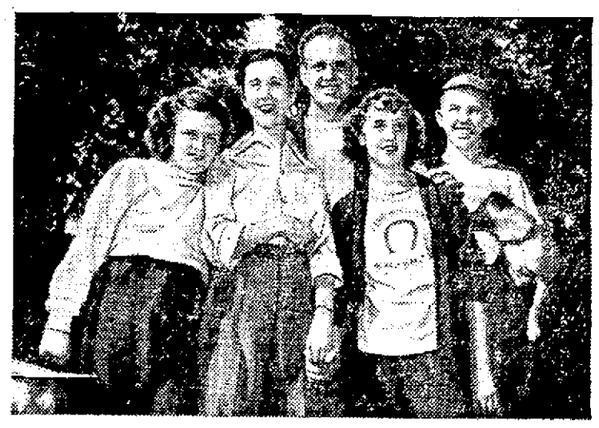
Busy as his own construction work is, Spike doesn't let it stop his helping Clarksburg's boys!

Spike devoted his vacation last summer to taking 11 boys on an exciting canoe trip down the Cheat River. When his son Jack was 9, Spike helped with neighborhood Cub Pack. Now he's chairman of the troop committee for the District Scout Council. Jack's now a Star Scout.



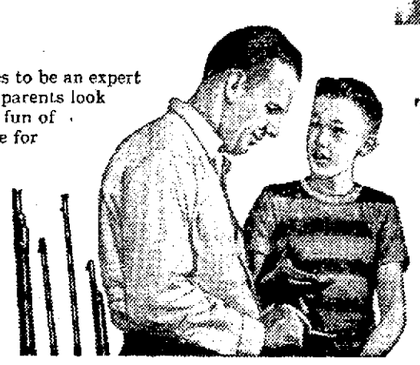
It's a Scout-minded family! Myrtle Bisping is a Girl Scout leader and camp counsellor. Daughters Nichy, 14, and Babe, 10, pack "Clothes for Friendship" for children abroad . . . a troop project. National goal is to send 100,000 bundles!

So in these days of high costs, careful money management's *doubly* important to the Bispings. Just as they must budget their *time*—the Bispings, like all of us, must plan their *dollars* carefully too. From the spendable income of $6400 a year, $1390 goes for their new house, $2100 for food. Spike's $50,000 of insurance is planned as protection for family and business, savings for college.



Spike's family loves outdoor life as much as he does! Camping's their main source of inexpensive fun together. So other young folk can enjoy it too. Spike and fellow Scout officials plan a camp on waterfront land outside town.

Because he sparks projects like this, Builder Bisping has become everybody's friend in Clarksburg. "I'm well repaid for the time it takes," he says, "when I see better citizens growing up along with my own kids." How do the Bispings find the time? As Myrtle says, "Some things can wait—but children can't. Not if we're to keep this the kind of country we all want!"



Jack, 15, hopes to be an expert gunsmith. His parents look forward to the fun of doing still more for their town.

THE LIFE INSURANCE COMPANIES AND THEIR AGENTS

The Bispings, like other American families, prove to all of us that the only way we really solve our problems is by our own efforts!

These stories of real families much like yours also show how much *more* success, how much more happiness is possible when you have *peace of mind* . . . the sort of peace of mind that comes from wise management of money now, and from knowing that *future* security has been adequately provided for.

The Life Insurance Companies and their Agents bring you these American family close-ups because *what this country amounts to depends upon what happens to its homes!*

LADONNA JEAN DILLON WED TO EDWARD KLEIN

Nuptial Vows Exchanged In Closed Ceremony At Rectory of St. Peter's Catholic Church.

MISS LA DONNA JEAN DILLON exchanged nuptial vows with Edward L. Klein last evening in a closed ceremony in the rectory of St. Peter's Catholic church. The bride is the daughter of Mr. and Mrs. Hugh A. Dillon, 718 South Diamond street, and Mr. Klein's parents are Mr. and Mrs. Ernest Klein, Springmill road.

Officers and members of the Naomi Shrine, No. 10, will meet Thursday at 5:45 p. m. at the Yellow Stripe office, North Walnut street, to go by chartered bus to Wooster. That evening they will be guests of the Damascus Shrine, No 11, of Wooster. Officers are to wear formals.

Rev. Joseph O'Leary officiated for the double ring service at 7:30 p. m.

For her wedding Miss Dillon wore a white taffeta ballerina gown, fashioned with boat neckline, elbow length sleeves and matching gauntlets trimmed with pearls. Her only jewelry was a strand of tiny pearls which were a gift in her childhood. Completing her ensemble was a Mary of Scots type bonnet, trimmed with white plume tips. Her bouquet was composed of white orchids and white shattered carnations.

Mrs. Jack Saylor, a close friend, was her matron of honor. She was attired in a yellow taffeta gown, made like the bride's, except for short sleeves. Her matching gauntlets were long. She also wore a strand of pearls. Her Mary of Scots bonnet was of yellow taffeta trimmed with violets and plume tips Her shoes were in the violet shade. She carried a bouquet of violets and yellow rosebuds.

Mrs. Dillon, mother of the bride, wore a navy blue frock with pearl and grey accessories and a corsage of white gardenias. Mrs. Klein chose a black ensemble and a corsage of white gardenias. Serving as best man was Wilbur Kennedy, brother-in-law of the bridegroom.

Immediately following the ceremony a reception was held at the Sky Club for 175 guests. Refreshments were served buffet style from an attractively decorated table centered with a five tiered wedding cake. Bouquets of gay mixed flowers were also used as decoration. Mrs. William Birmelin of Ashland and Mrs. Rollin Barr, cousins of the bride, presided.

When the newlyweds left for a motor trip through the southwestern states the bride wore a sapphire gaberdine suit with matching hat and gray gaberdine topper. Her accessories were in Kelly green, and she wore a white orchid corsage.

After March 15 they will reside on Springmill road.

The bride was graduated from Mansfield Senior high school and is employed as a bookkeeper for her father at the Reynolds Battery and Supply company. Mr. Klein, a graduate of Mansfield Senior high school, spent three years and eight months in the Army Air Force, much of the time in the southwest Pacific He is associated with his father at the North Side Market

Guests were in attendance from Columbus, Cleveland, Ashland, Fostoria, Norwalk, Tiffin and Loudonville.

STRAWBERRY BAVARIAN CREAM . . SUPERB VALENTINE DESSERT

Make a Romantic Dish For the Holiday

VALENTINE'S DAY calls for a superlative dessert, and Strawberry Bavarian Cream, with luscious whipped cream and plenty of berries is just about as superb as you can go. On this sweetest of all days, remember that the usual rule of simplicity in food decorations doesn't hold true. Instead, all the fancy ideas your imagination can give are in excellent taste. Everyone has a romantic streak, and Valentine's Day calls for letting frivolity win out.

Here's the recipe for easy-to-make and pretty-as-a-Valentine Strawberry Bavarian Cream:

STRAWBERRY BAVARIAN CREAM
(Make six servings)

- 1 tablespoon plain, unflavored gelatin
- 2 tablespoons cold water
- ¼ cup hot water
- 1 cup fresh or thawed frozen crushed strawberries*
- 1 tablespoon lemon juice
- ½ cup sugar
- ⅛ teaspoon salt
- 1 cup chilled heavy cream

Soak gelatin in the cold water 5 minutes. Add hot water, and stir until gelatin is dissolved. Add strawberries, lemon juice, sugar and salt, stirring until well blended and sugar is dissolved. Chill, stirring occasionally, until mixture begins to thicken. Whip cream until stiff and fold into gelatin mixture. Pour into a 1-quart mold or six individual molds which have been rinsed in cold water. Chill until firm. Unmold, and serve "as is" or, if desired, with additional whipped cream and berries.

*NOTE: Thawed frozen or canned raspberries may be used in place of strawberries.

Birthday Honored At Regular Session

The monthly meeting of the Ladies Missionary Prayer Band of the Gospel Center church was held at the home of Mrs. William Fischer, 33 Clifton avenue.

The meeting was conducted by the president, Mrs. Clarence E. Hall. A report on the work of HCJB the radio station in South America was given by Mrs. Richard Stambaugh. The collection taken will be sent to the missionaries of HCJB. The devotions were given by Mrs. Joseph Danner.

After the business meeting and prayer service, the time was spent socially, with a surprise party to honor Miss Anne Bell on her birthday. The serving table was centered with a lighted birthday cake. The appointments were in pink, white and green.

The next monthly meeting will be held on March 4th at the home of Mrs. Stanley Kelley, Michigan avenue.

MEET THURSDAY

Mrs. Allen J. Stoner, 74 North Weldon avenue, will be hostess to members of the Esther Bible Club Thursday at 2 p. m.

Past Presidents Convene Tuesday

The Past President's club of Mary B. Mitchell, tent, number 40, was called to order by Mrs. Allie Garrett, Tuesday, in the absence of both the president and vice-president.

There were 12 members present with Mrs. R. E. Keefer taken in as a new member. The meeting closed with a salute to the flag and was followed by a dinner in Memorial hall with the Valentine theme used.

Mrs. Frank Campbell and her committee decorated the hall with comic valentines, centered the table with a large red heart and carried the red and white color theme out in the food served for the dinner.

It was announced that the next meeting will be held March 8 with Mrs. Allie Garrett, Mrs. McHugh and Mrs. Della Cochran in charge.

TO MEET FEB. 17

Members of the Sigma Kappa Gamma sorority will meet on Feb. 17 for a regular session at the Citizens' building clubrooms. Hostesses will be Mrs. Charles Biddle and Mrs. Dale Bryan.

Class Meeting Held At Wards

The Love and Friendship class of the Mayflower church held its monthly meeting Tuesday at the home of Mrs. Imogene Ward, Wellington avenue.

Devotions for the sixteen members present were held by Mrs. Ruth Bloom, whose reading was on religion in relation to the affairs of state.

Donations were made to a missionary school and to the church.

The entertainment centered around the making of valentines. The prize for the best one went to Mrs. Verna Ackerman.

It was announced that the next meeting at the church on March 8, will be a poke lunch.

Tourist Club Members Hear Book Review By Mrs. Wappner

"THE HOUSE THAT JACOB BUILT," by John Gould, was reviewed by Mrs. M. W. Wappner at the meeting of the Tourist club yesterday at the Women's Club. Mrs. John Shook was the hostess for the meeting.

The story told of the country life in Maine with 30-degree below zero weather as well as the hot summers. The author builds the story about three generations, beginning with the description of the 35-foot square log cabin built by his pioneering grandfather in 1780 and used until a larger and better house of fourteen rooms was built. This home was remodeled in 1941 and given all the modern features by the author.

A regular business session followed with Mrs. G. J. Kochenderfer, president, presiding.

"New Fabrics" is the title of the program to be given by Mrs. D C. Cole at the next meeting on February 22 at the home of Mrs. C. L. Wagner, 519 Park avenue west. Mrs. Weldon Close will review "Current Magazine Articles."

Mrs. Downs Gives Program

Mrs. Thomas J. McDermott, Davis road, entertained eleven members of the Little Flower Study club at her home Monday evening.

Miss Marie Hecht, president, conducted the business meeting, and Mrs. Marion Downs presented a biographical sketch entitled "Blessed Margaret Mary's Life".

At the close of the evening a luncheon was served from a long table centered with a large red heart and lighted red and white tapers.

The next meeting will be with Mrs. J. O. Hanley, David road on Feb. 21, at which time Miss Edna Horning will present a paper on "Progress in Plastics".

BRIDGE CLUB MEETS

The American Legion Auxiliary bridge club met at the Legion home Feb. 8, for three tables of bridge. Winners of the prizes were Mrs. B. O. Smith, Mrs. James Brownscomb, and Mrs. Harvey Burghard. It was announced that the next meeting of the club will be held Feb. 22 with Mrs. Howard Sword as hostess.

LOSES 60 POUNDS WITHOUT DIETING, THANKS TO RENNEL

New Madison Lady Praises Reducer

"I am very happy to recommend Rennel" writes Mrs. S. Helmuth. "When I started taking Rennel I was very overweight and was bothered with that overstuffed feeling. Now that I have lost 60 pounds I feel better in every way. I would have lost weight faster if I had watched my diet but I ate anything I wanted all of the time. That is what I like about Rennel, it isn't necessary to diet as it is with other reducing preparations. I also like the way it took care of that over-stuffed feeling."

Rennel is the original grapefruit juice recipe for taking off ugly fat. It's simple. go to your druggist and ask for four ounces of liquid Rennel. Pour the contents into a pint bottle—add enough unsweetened grapefruit juice to fill the bottle, take just two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender more graceful curves—if reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles; just return the empty bottle to the manufacturer for your money back. You need never know a hungry moment while taking Rennel, no starvation diet, no printed diet list to buy, no expensive vitamins to fortify you against weakness while going hungry for you WON'T be hungry.

Eisler's Sister Terms Him Perfect Terroristic Type

(Continued From Page 1)

an American communist named William O'Dell Nowell, of Detroit, who eventually put the finger on him. He returned here in 1933 and, for the next five years, made a number of trips back and forth between this country and Russia, using the name Samuel Liptzin. In this country, however, even the better known communists who took their orders from him knew him only as "Edwards" or, occasionally, "Brown."

Eisler made two frantic attempts to leave the country with his wife in the last days of his liberty. Through our request to the Department of Justice that he be kept under 24-hour surveillance, and the alertness of immigration officers, he was stopped both times.

SOMETHING BIG

He finally went before us on February 6, 1947. It was a sharp, flinty hearing, and my last remaining doubts that something big had been bagged disappeared when he appeared in the caucus room with Carol King as his attorney. Miss King had represented Harry Bridges and Mrs. Earl Browder.

"I am a political prisoner in the United States," Eisler cried.

"Just a moment," Chairman Thomas said. "Will you please be sworn in?"

"You will not swear me in before you hear a few remarks," Eisler countered.

It went that way for another minute or two, but much angrier, until Rep. Mundt (R., S.D.) offered the motion that Eisler be cited for contempt

I read into the record his false statements to immigration officials and his imposing record as compiled by the F. B. I. Nowell told his story: Budenz corroborated it, and named him as the tie between the Canadian A-bomb case and the U. S.

And the sister appeared to excoriate him in terms that brought a shocked hush to the room.

She almost spat his name when she spoke in her low voice, and always called him "Eisler."

"I consider Eisler the perfect terrorist type," she bit off, "most dangerous for the people of both America and Germany (his native country.) The fact that this man is my brother has only given me a deeper insight in the technique of Stalin's NKVD and the terror system it imposes on the peoples of Europe.

"In a totalitarian party, all human relations are deteriorated; a man who serves Stalin is conditioned to hand over to the GPU his child, his sister, his closest friend. Eisler is responsible for the death of the German communist Hugo Eberlein, the leader of Eisler's own caucuses, and of Nikolai Bukharin, the great Russian theorist, his one-time friend and protector.

"Eisler's presence in Germany (where he had stated he wanted to return) will help to build up another nazi system which will differ from the old one only by the fact that the fuehrer's name will be Stalin."

Eisler was convicted a year and a half ago of falsifying an exit visa application, and sentenced to from one to three years. Earlier, he was convicted for contempt of Congress, which carries a $1,000 fine and a year in prison. He remains at liberty on bail, moving about the clandestine domain he did so much to fashion.

(TOMORROW: Mr. Stripling describes how Hanns Eisler, despite his own leanings toward communism and the overthrow of the Government, won the support of friends in high places in the U. S.).

Take Action In Slot War

COLUMBUS —(AP)— The State Liquor department said Tuesday it would check requests for renewal of permits against its federal slot machine listings.

If the applicant is found to be one of 3,185 Ohioans listed by the federal government as paying a use tax on a coin-operated gambling devices, he may be called into a hearing with Walter J. Braun, assistant permit chief.

Permit Chief Francis K. Cole said "the appearance of a permit holder's name or place of business on the Bureau of Internal Revenue list of gambling devices does not constitute proof that such individual has violated" state liquor regulations.
